Product Description

If you work on the go and in the office, need a privacy screen that supports a laptop with a 16:10 aspect ratio, and regularly switch from using a privacy screen for visual security and removing it for collaborating with colleagues, the MagPro™ Magnetic Privacy Screen for Laptops (16:10) is the perfect privacy screen for you.

Designed to support today's ultra-thin laptops with exceptional form, fit, and function, the MagPro™ Magnetic Privacy Screen for Laptops (16:10) easily attaches and detaches as needed, allows full device closure and sleep mode functionality without removal, and provides professional-grade privacy screen protection.

An ideal choice for hybrid workers who want a simple solution for protecting onscreen data from prying eyes and the option to quickly attach or detach the privacy screen without damaging their device.

At your desk or on the go, the MagPro™ Magnetic Privacy Screen for Laptops (16:10) offers everything you need in a privacy screen.

Features

- Slim magnetic strips allow for quick and easy attachment and removal of the privacy screen as needed. The laptop can completely close and enter sleep mode without removal.
- Supports slim bezel and edge-to-edge displays with unobstructed viewing and a webcam notch.
- Privacy-focused viewing angle narrows field of view to +/- 30°, shielding onscreen information from prying eyes and reducing the chance of a data breach.
- Blue light reduction filter eases eye strain and reduces the chances of natural sleep pattern interruptions by filtering out up to 30% of the laptop's harmful blue light rays.
- Antimicrobial coating (applied to matte side only) prevents mildew and bacteria growth, which can cause stains and odors on the film.
- Low reflective coating reduces glare from outside light sources for improved viewing clarity.
- Reversible viewing options provide a matte side to reduce glare and fingerprints, and a glossy side to provide a clearer view of the monitor.
- 2-year limited warranty included.
- TAA compliant.
