## Description

---

The Equip 650171 17"-32" Single Monitor Mobile Workstation is a flexible and portable solution designed for a dynamic and on-the-go workspace. Ideal for those who require mobility and versatility, this workstation supports monitors ranging from 17 inches to 32 inches in size.

Featuring a durable and adjustable design, the mobile workstation allows you to move your monitor easily to different locations. This is particularly useful in environments where you need to transition between workspaces or collaborate with others. The single-arm design provides flexibility in adjusting the monitor to your preferred height and angle, promoting ergonomic comfort.

Installation is typically straightforward, and the mobile workstation often comes with caster wheels for easy movement. The design may include additional features such as a tray for a keyboard and mouse, making it a comprehensive solution for a mobile and ergonomic workstation.
