# OPS On-Board Computer

## SMARTER THAN ANY OTHER DISPLAY

TRU TOUCH comes with an Open Pluggable Specification, or OPS, slot giving you the ability to have a computer integrated into the display, no extra devices needed.

Experience a screen with a full operating system that works simply for more interaction and success. In addition, each display comes with a built-in Android system that is accessible by a simple swipe up from the bottom of the screen.

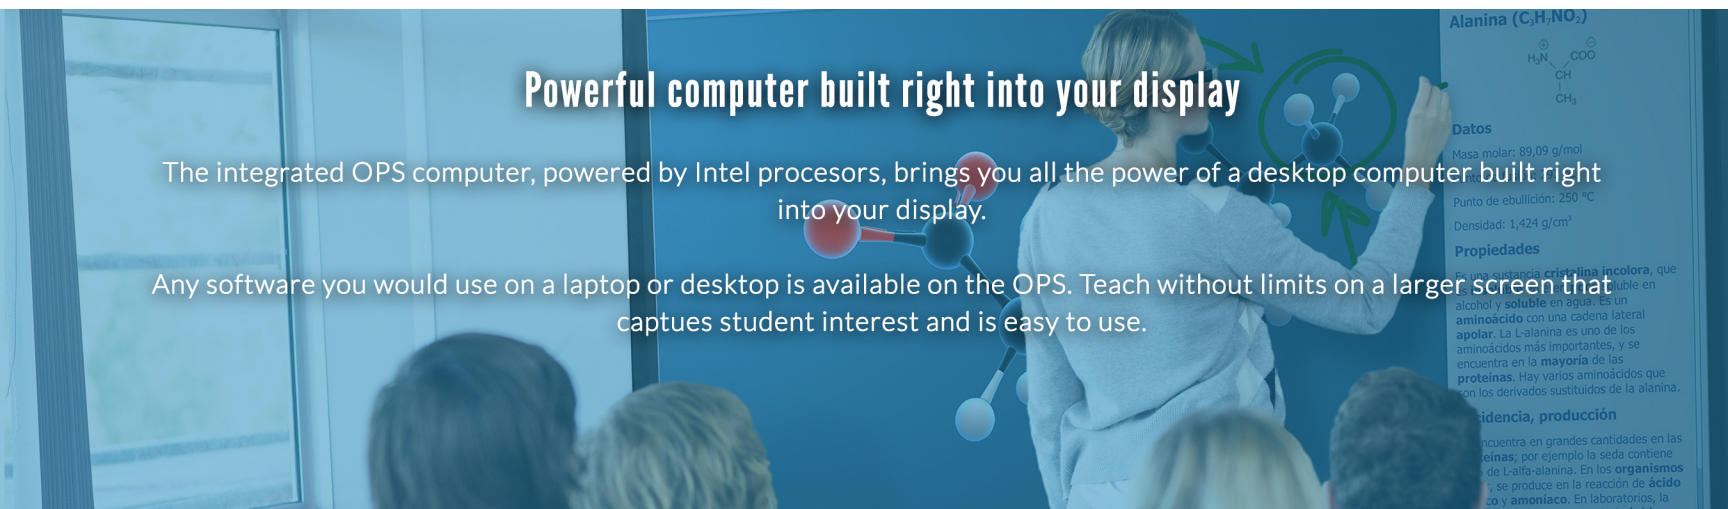

Simply annotate on images, utilizes a basic whiteboard application and more, without needing to download software to any of your own devices.

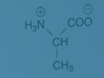

## Powerful computer built right into your display

The integrated OPS computer, powered by Intel processors, brings you all the power of a desktop computer built right into your display.

Any software you would use on a laptop or desktop is available on the OPS. Teach without limits on a larger screen that captures student interest and is easy to use.

Alanina (C<sub>3</sub>H<sub>7</sub>NO<sub>2</sub>)

**Datos**  
 Masa molar: 89,09 g/mol  
 Punto de ebullición: 250 °C  
 Densidad: 1,424 g/cm<sup>3</sup>

**Propiedades**  
 Es un aminoácido cristalino incoloro, que es soluble en alcohol y soluble en agua. Es un aminoácido apolar. La L-alanina es uno de los aminoácidos más importantes, y se encuentra en la mayoría de las proteínas. Hay varios aminoácidos que son los derivados sustituidos de la alanina.

**Identidad, producción**  
 Se encuentra en grandes cantidades en las proteínas; por ejemplo la seda contiene L-alfa-alanina. En los organismos vivos, se produce en la reacción de ácido pirúvico y amoníaco. En laboratorios, la
