

BenQ P600 Wireless Ultra Portable Optical Mouse

Streamlined Design with Smart Mini Receiver Storage

BenQ's P600 is specifically designed for the professionals on-the-go with its enlarged touch area which feel good to touch. The USB wireless mini receiver can also be handily stored in the built-in USB Connector Storage Compartment for better convenience.

Multiple Power Saving Modes for Durable Battery Life

The Multiple Power Saving Modes technology utilizes different power saving modes to provide users with a prolonged battery life by simply pressing the power switch, pushing all three buttons simultaneously, allowing the mouse to go into automatic sleep mode while it has not been used for a period of time, or storing the wireless mini receiver into the receiver storage compartment of the mouse.

Ideal for Professionals on-the-go & 800DPI High Precision

The mini size and light weight of P600 make it an ideal companion for the professionals on-the-go. It is specifically equipped with a 800DPI optical sensor to provide a high resolution and tracking performance on a variety of surfaces.
