*moving you forward*

## **Add-on power options for non-powered medical carts**

- Easily upgrade a non-powered StyleView™, CareFit™ Slim or CareFit Pro medical cart to a powered cart
- Lithium Iron Phosphate (LiFe) power option: LiFe battery chemistry supports safe and fast charging with a lower risk for overcharging or overheating associated with other battery types
- DC Power System option: Provides a low-cost alternative in a compact form factor
- Choose from on-board battery charging or portable hot swap

## ENHANCE PRODUCTIVITY BY ADDING DEPENDABLE POWER

Enhancing productivity in healthcare environments is key to patient and caregiver satisfaction. Ergotron offers two add-on power options for non-powered StyleView, CareFit Slim, CareFit Pro and Neo-Flex™ carts to support efficient workflows and help reduce power anxiety.

Choose the add-on power that best fits your workflow and budget.
