

## *CPU600/CPU200*

New product announcement

Introducing the new standard in CPU holder function, ease of use and style. The CPU600 and CPU200, the latest additions to the Humanscale family of high-performance CPU holders, provide convenient access to drives and ports while protecting valuable technology investments.

## CPU600/CPU200

Designed to complement any environment with clean lines and elegant aesthetics, the CPU600 and CPU200 offer the quickest and easiest installation of any CPU holders on the market, saving installation time and money.

### CPU600

The CPU600 promotes a longer life for CPUs by allowing hardware to stay cool and vent freely while providing protection from flooding, dust build-up, and damage from vacuum cleaners. It also reduces cable clutter and provides convenient access to ports and cables via an under-the-desk track mount with 360° swivel capability.

### CPU200

Built to accommodate the smaller profiles of today's technology, the CPU200 is a scaled-down version of the CPU600. Like its larger counterpart, it combines superior function and ease of use with stylish aesthetics. But the CPU200 is built to house CPUs 1 to 5 inches in width and 6 to 12 inches in height—virtually any compact CPU up to 15 pounds.

# CPU600/CPU200

## Features

### Quick Facts

- Proprietary friction locks and Quick Track make installation and removal for servicing simpler and quicker than any CPU holder on the market
- Designed by the award-winning Humanscale Design Studio
- 15-year 24/7 warranty

### Functionality

- Under-the-desk track provides easy access or convenient stowing
- One-touch 360° swivel motion provides effortless access to cables, ports and drives
- Helps prevent awkward postures that could lead to injury
- Promotes longer CPU life by allowing CPUs to stay cool and vent freely
- Elevates CPUs off the floor where dust build-up and other hazards can damage valuable computer equipment
- Helps keep workstations neat and organized

### Installation

- With the turn of two simple knobs, CPU600 adjusts to accommodate nearly any large-sized CPU and CPU200 any small-sized CPU

**Note:** Standard CPU200 accommodates CPUs 7 – 12 inches in height. Optional spacer allows CPU200 to accommodate CPUs as small as 6 inches in height.

- Laterally adjustable mounting bracket allows CPU to hang in perfect balance
- Can be installed without tools to an under-the-desk track in less than one minute
- Quick Track bracket enables easy installation and removal
- Non-skid pad keeps CPU in place

### Aesthetics

- Clean lines and contemporary aesthetic complement any environment
- Finish options: Black/Brushed Aluminum or White/Brushed Aluminum
- Most elegantly styled CPU holders available

# CPU600/CPU200

## CPU600 Specifications

### General

- Accommodates any CPU 12.2" – 19.9" in height and 3.5" – 9" in width
- Constructed primarily of recycled aluminum and plastic
- Nylon glides slide smoothly along 16-inch track
- Rotates 360°

### Sustainability

- 100% of the aluminum used in the CPU600 is recycled
- Made of 90% recycled content by weight and 99% recyclable

### Product Weight

- CPU holder: 5.1 lbs.  
Track: 1.9 lbs.
- Total weight of CPU holder and track: 7 lbs.

### Package Specifications

- Package dimensions: 20" l x 11" w x 11" h
- Package weight, including product: 9.5 lbs.
- Master carton dimensions: 23" l x 21" w x 24" h
- Master carton quantity: 4

## Pricing & Coding

CPU600 (Black/Brushed Aluminum) – \$168

CPU600W (White/Brushed Aluminum) – \$168

# CPU600/CPU200

## CPU200 Specifications

### General

- Accommodates any CPU 6" – 12" in height and 1" – 5" in width
- Constructed primarily of recycled aluminum and plastic
- Nylon glides slide smoothly along 16-inch track
- Rotates 360°

### Sustainability

- 100% of the aluminum used in the CPU200 is recycled
- Made of 48% recycled content by weight and 99% recyclable

### Product Weight

- Total weight of CPU holder and track: 5.1 lbs.

### Package Specifications

- Package dimensions: 19.7" l x 10.6" w x 6.3" h
- Package weight, including product: 6 lbs.
- Master carton dimensions: 22.2" l x 20.7" w x 13.6" h
- Master carton quantity: 8

## Pricing & Coding

CPU200 (Black/Brushed Aluminum) – \$150

CPU200W (White/Brushed Aluminum) – \$150
