

Vertical Wireless Mouse

As natural as a handshake.

K75575WW

Product Description

Get a whole new grip on mousing with the Vertical Wireless Mouse. Natural, form-fitting contours keep the wrist and hand in a more neutral and comfortable handshake position. An extended little finger rest provides additional support.

Features

- Angled slope keeps wrist in a neutral handshake position.
- A little finger support enables more smooth and comfortable movement of the larger muscle group.
- Feature-rich, six-button mouse with scroll wheel and adjustable DPI settings (800/1200/1600/2000/2400).
- Plug-and-play wireless connectivity, up to 65 feet (20 meters).
- Storage compartment keeps nano receiver safe when not in use.
- Users prefer a vertical mouse — an independent study by professional ergonomists revealed that users rate the vertical mouse as “the most comfortable and that it conformed to their hand naturally”.
- Source: 2019 VSI Risk Management and Ergonomics, Inc. study.
