INCLUDES DVI ANALOG ADAPTER · DUAL DVI · DUAL LINK UP TO TWO SIMULTANEOUS DVI SCREENS · HDTV HIGH-DEFINITION TELEVISION · HDMI™ · NVIDIA SLI READY · AN XFX EXCLUSIVE PROTECTION
Natural Born Gamer.

It's the event we've all been waiting for—the arrival of the XFX NVIDIA GeForce® 9600 GT—the first in our family of powerful new 9-series graphics cards. Engineered to deliver up to 90% greater performance than any GeForce card in its class, these babies power outstanding Blu-ray and HD DVD movie picture quality. But the best news is this: They're here.

- Unified Architecture
- Lumenex Engine
- 128 Bit FP HDR (High Dynamic Rendering)
- GIGA Thread: Batch processing / Load Balancing
- Quantum Engine: Embedded Physics features
- DirectX 10 support

- SLI Support
- HDCP Capable
- Dual-Link DVI
- HDMI Capable with the use of HDMI Certified components
- HDMI Certified (XXX Edition)

PCI-Express 2.0 Cardbus Connector

Dual Dual-Link Technology
Supporting digital output up to 2560x1600 on two LCD Monitors at the same time.

HDTV Ready and HD Gaming
High-definition video playback and crisp picture quality. Provides world-class TV-out functionality up to 1080i resolution.

SLI Ready
Delivers up to 2x the performance of a single GPU configuration for unparalleled gaming experiences by allowing two graphics cards to run in parallel. The must-have feature for performance PCI-Express graphics, SLI dramatically scales performance on over 60 top PC games.

Dual DVI
Able to drive the industry's largest and highest resolution flat-panel displays.

DVI to Analog Adapter
Includes DVI to Analog Adapter to convert your old VGA output to DVI connector.

HDMI
HDMI is a new standard that combines digital video and audio in a single consumer-friendly connector. HDMI delivers a clear clean image at any window size, including full-screen high-definition resolutions up to 1080p.

Double Lifetime Protection
Our exclusive Double Lifetime Protection guarantees the quality and dependability of our card for both you and the second owner.
