

# Accept every way your customers want to pay.

**1.75%** processing fee for all major cards.

**Next business day deposits** as standard for all sellers.

**Millions** of active Square sellers, globally.

## HARDWARE

**SRP £34.80**

inc. VAT

### Square Reader

- Securely accept chip + PIN, contactless and mobile payments anywhere.
- Position it on your counter or take payments on the go — it suits every point-of-sale.
- Connects wirelessly to the Square Point of Sale app.

**SRP £22.80**

inc. VAT

### Dock for Square Reader

- Keeps your Reader charged, stable and ready for payments at the point-of-sale.
- The upward tilt makes it easy to accept chip + PIN and contactless payments.
- The long cord and grippy, weighted base mean you can position it almost anywhere.

**SRP £154.80**

inc. VAT

### Square Stand

- Transforms your iPad into a sleek and secure point-of-sale.
- Stand looks great and makes the Square Point of Sale app even easier for your staff and customers to use.
- Key-in payments or use Square Reader to take contactless, chip + PIN and mobile payments too.

## Square integrated payments

- Full PCI compliance included
- EMV capabilities (chip + PIN and contactless payments)
- End-to-end encryption
- Square is the Merchant of Record (no merchant account required)
- Fraud detection and risk monitoring services
- Chargeback dispute & resolution services
- Chargeback protection cover of £250 per month
- No long-term commitments, no hidden fees (incl. no startup, statement, refund or PCI-compliance fees) and no cancellation charge

# Tools to start, run and grow your business.

## SOFTWARE

### Free and simple to set up

Download the Square Point of Sale app for free and get set up in minutes — no instructions needed.

### Run your business from anywhere

Total freedom to take payments and manage operations from your countertop or on the go.

### Peace of mind

No long-term contracts, no monthly fees, no cancellation charges. And Square uses industry-leading security measures to protect your business.

## Included with Square Point of Sale

### Analytics

Get real-time data on your business to help you make more informed decisions. Track performance wherever you are, at any time of day.

### Employee Management

Assign different access levels for employees, track their time and performance and let them take payments from their own device.

### Feedback

Customers can leave private feedback via digital receipts, enabling you to communicate directly and send refunds or coupons.

### eGift Cards

Sell digital gift cards in a few clicks and enjoy the sales boost. Customers can gift from anywhere, introducing your business to their friends and family.

### Inventory Management

Add, edit and update inventory from anywhere. Spend less time in front of the screen or in the stock room, and more with your customers.

### Virtual Terminal

Take over-the-phone payments and run your business from your desktop computer, laptop, iPad or smartphone — for a flat fee of 2.5%\*.

### Location Management

Run multiple locations from one Square account. Set up new locations, quickly assign employees, build your inventory library, then start selling.

### Invoices

Invoicing made easy for you and your customers. Create, customise, send and track invoices for free, and receive deposits the next business day.
