### Product Description

Designed to fit the Kensington Nano Security Slot, the NanoSaver™ Keyed Laptop Lock secures ultra-thin laptops, tablets, and 2-in-1s with the same quality and strength that has made Kensington The Professionals' Choice™ for more than 25 years. Developed using strict specifications, patented technologies, and rigorous testing against tough environmental conditions, the NanoSaver Keyed Laptop Lock provides next generation security for ultra-thin devices.

### Features

- Tough 10mm lock head with Cleat™ Locking Technology attaches to the Kensington Nano Security Slot found in select ultra-thin laptops and tablets for uncompromised security
- 5mm Keying System is compatible across all of Kensington's latest locks and includes patented anti-pick Hidden Pin™ Technology, all part of our robust custom key management solutions that include Master Keyed (64445M), Supervisor Keyed (64445S) and Like Keyed (64445L) options.
- Carbon steel cable resists cutting attempts and anchors to desk, table or any fixed structure
- Pivot and rotate cable provides superior laptop engagement
- Register & Retrieve™ program allows you to order replacement keys
- Independently verified and tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion, key strength and other environmental conditions
- Limited Lifetime Warranty guaranteed by Kensington, the worldwide leader in laptop locks
