

Expression Home XP-315

DATASHEET / BROCHURE

Save space, save money, save time. Small-in-One with LCD screen, user-friendly Wi-Fi for multiple users, mobile printing and Wi-Fi Direct™.

The Expression Home XP-315¹ is part of the Small-in-One range - Epson's smallest-ever range of all-in-one home inkjets. This printer, scanner and copier offers cost-effective printing for home users looking for Wi-Fi connectivity, 3.7cm LCD screen and mobile printing. It also offers the added benefit of Wi-Fi Direct for easy printing without a wireless network.

The Expression Home XP-315 comes with Epson Connect², offering both flexibility and freedom. It allows you to quickly and easily print documents and photos wirelessly from smartphones and tablet PCs using the iPrint app. You can also print from anywhere in the world by emailing documents and photos directly to the printer.

The XP-315 printer is also compatible with Google Cloud Print and includes support for Apple AirPrint.

The automatic Wi-Fi set-up³ makes configuring laptops and computers to print and scan wirelessly extremely easy. You don't need to know your network settings or connect with a USB cable, as the XP-315 automatically finds the relevant connection settings in order to configure itself. For added versatility, Wi-Fi Direct allows easy printing from wireless devices without the need for a network.

This Small-in-One's 3.7cm LCD screen and accompanying memory card slot offers easy-to-use printing with helpful menu prompts. No more waiting for computers to power up; printing directly from a memory card is straightforward and allows greater flexibility.

Epson's Claria Home Ink is ideal for affordable reliable printing, producing crisp, clear text documents and glossy, lab-quality photos. With individual ink cartridges you only have to replace the colour used, saving you money.

KEY FEATURES

- **Small-in-One**
Save space, save money, save time
- **Wi-Fi Direct™**
Wireless printing without a network
- **PC-free printing**
3.7cm colour LCD screen
