

## Safe-IT UV Locking Storage Cart for Mobile Devices and AV Equipment, Antimicrobial, Wood-Grain Top

MODEL NUMBER: CSCSTORAGE1UVC

Locking cart on rolling casters offers UV-sanitized storage for tablets, cables and other mobile devices.

### Features

#### Secure Storage Cart Provides Ample Space for Laptops, Tablets and Cables

Constructed from heavy-duty steel with a black powder-coated finish, this Safe-IT™ locking cart provides safe, secure storage for your laptops, tablets and other valuable electronics. The front and back doors lock with the included keys to help prevent theft, damage and tampering. For extra security, the doors can be fastened with user-supplied padlocks. Flow-through vents on the doors and side panels help protect the devices against overheating, and the specially coated shelves help prevent device scratches and scuffs.

#### UV Light Helps Sanitize Devices without Potentially Dangerous Heat, Liquids or Chemicals

The CSCSTORAGE1UVC helps reduce the presence of germs on your laptops, Chromebooks, tablets and AV equipment. Built-in ultraviolet lights help disinfect devices at the touch of a button by destroying most microbes without the use of damaging heat, liquids or chemicals. The germicidal UVC bulbs are on a timer to control the amount of UV exposure the devices receive. An LED on the exterior of the cabinet indicates when the doors are closed and the start button can be pressed to activate the 10-minute timer. A second LED indicates when the UVC lights are on. If a door is opened during sanitization, the lights automatically shut off for safety.

#### Exclusive Antimicrobial Protection Fights Surface Bacteria

The exterior (except for the laminated top), interior and handle are protected by an antimicrobial powder coating with EPA-registered and FDA-compliant silver ionic technology. The antimicrobial surface protection is effective in inhibiting the growth of bacteria, viruses, fungi, mold and mildew. The coating meets the requirements of JIS Z 2801:2000, an international standard for evaluating efficacy in antimicrobial products.

#### Moving Your Devices from Room to Room Is Easy

Large swivel casters with non-marking wheels improve the ride over uneven surfaces, including carpeting and thresholds, and lock to help prevent unwanted movement. The reversible wide-grip handle makes the cart easy to control. Corner safety bumpers protect walls and doorways from scratches. The compact cart takes up about the same amount of physical space, or even less, as a typical A/V cart.

#### Laminated Wood-Grain Top Doubles as a Convenient Workstation

The laminated top acts as a smooth writing surface and holds a projector, monitor or other peripherals.

### Highlights

- Steel enclosure locks with included keys to discourage theft, damage and tampering
- Ultraviolet (UVC) lights help disinfect devices without use of damaging heat or chemicals
- Laminated wood-grain top serves as a smooth surface for writing or holding peripherals
- Vented side panels and doors allow flow-through ventilation to prevent overheating
- 10 ft. cord with NEMA 5-15P plug allows great flexibility in reaching AC outlets

### Package Includes

- CSCSTORAGE1UVC UV Locking Storage Cart
- Reversible handle
- (2) Protective bumpers
- (12) Hex screws
- Hex key
- (2) Keys
- Owner's manual

You can also mount a flat-screen monitor or television using Tripp Lite's CSC36DM Display Mount Adapter Kit (sold separately).

**Comes Ready for Immediate Use Right from the Box**

The CSCSTORAGE1UVC ships fully assembled for instant deployment in schools, healthcare settings, corporate offices, warehouses, restaurants, hotels, retail stores, senior living facilities and other settings that rely on the daily use of mobile devices. The storage cart is powered by a 10-foot cord and NEMA 5-15P plug that connects to a compatible AC outlet.

## Specifications

OVERVIEW	
UPC Code	037332266057
Charging Form Factor	Direct Plug-In
Product Type	Storage Cart
Functions	Charge; Secure
Device Compatibility	Amazon Kindle; Chromebook; Computer; DVR; Headphones; Laptop; Monitor/HDTV; Network Switch; Patch Panel; Phone; Projector; Server; Tablet; UPS; Watch
Device Slots	3
INPUT	
Nominal Input Voltage(s) Supported	120V AC
Input Connection Type	NEMA 5-15P
Voltage Compatibility (VAC)	120
Input Frequency	60
Input Plug Type	NEMA 5-15P
Input Cord Length (ft.)	10
Input Cord Length (m)	3.05
PHYSICAL	
Material of Construction	Steel/Wood
Color	Black
Charging Station Form Factor	Mobile Cart
Maximum Device Depth (cm)	58.17
Maximum Device Depth (in.)	22.90
Maximum Device Depth (mm)	582
Rack Height	0U
Shipping Dimensions (hwd / cm)	120.80 x 69.01 x 91.01
Shipping Dimensions (hwd / in.)	47.56 x 27.17 x 35.83
