

## SmartRack 21U Wall-Mount Standard-Depth Rack Enclosure Cabinet

MODEL NUMBER: **SRW21U**

### Description

The SRW21U SmartRack 21U Wall-Mount Standard-Depth Rack Enclosure Cabinet is ideal for storing standard 19-inch rack equipment in network closets, retail outlets, offices, classrooms and other areas with limited floor space where you need equipment to be secure and out of the way. Constructed from heavy-duty steel with a durable black powder-coat finish, it supports a maximum load capacity of 200 pounds.

To ensure your valuable equipment stays safe and secure, the reversible front door locks with the included keys.

The door and lockable, removable side panels are ventilated, which allows air to flow freely through the cabinet to keep equipment cool. Vented top and bottom panels help remove warm air from the enclosure and draw in cool air by convection. They also support the installation of Tripp Lite [SRFANWM](#) fans.

The front door can open left or right by rotating the SRW21U 180° before mounting. Convenient top and bottom ports allow easy cable routing through the enclosure.

The SRW21U comes fully assembled and ready to mount. Installing equipment within the enclosure is easy with its square and threaded mounting holes and numbered rack spaces. The front vertical mounting rails adjust in 7/8-inch increments to accommodate equipment from 3 to 16.5 inches deep.

### Features

#### Saves Valuable Workspace

- Perfect for network closets, retail outlets, offices, classrooms and other areas with limited floor space where you need equipment to be secure and out of the way
- Houses standard 19 in. rack equipment in 21U of space
- Supports maximum load capacity of 200 lb.

#### Keeps Important Equipment Secure

- Enclosure can be rotated 180° so lockable front door can open left or right
- Door and lockable, removable side panels are ventilated to allow generous airflow that keeps equipment cool
- Vented top and bottom panels help remove warm air and draw in cool air

### Highlights

- Supports a maximum load capacity of 200 lb.
- Adjustable mounting rails house equipment from 3 to 16.5 in. deep
- Locks securely to help prevent damage, tampering or theft
- Ventilated door and side panels allow generous airflow
- Fully assembled and ready to mount

### Package Includes

- SRW21U SmartRack 21U Wall-Mount Standard-Depth Rack Enclosure Cabinet
- (44) M6 screws
- (44) M6 cage nuts
- (44) M6 cup washers
- (44) 12-24 screws
- Removable mounting plate
- (3) Mounting plate screws
- (2) Keys
- Owner's manual

- Convenient ports with removable covers allow cable routing through top and bottom

#### Easy Enclosure and Equipment Installation

- Ships fully assembled for quick installation
- Mounting plate's holes spaced 16 in. apart to accommodate standard wall stud placement
- Front mounting rails adjust in 7/8 in. increments from 3 to 16.5 in. deep
- Rails adjust easily—unscrew them, slide them to desired depth, and screw them back in
- Rails support square-hole or threaded-hole mounting
- Rack spaces numbered for easy reference

#### Meets Payment Card Industry Standards

- Provides physical equipment and media security required for PCI DSS (Payment Card Industry Data Security Standard) compliance
