HP LV2011 20-inch LED Backlit LCD Monitor
Business performance, budget friendly

This slim LED monitor combines quality form and function with the environment in mind – all at an affordable price.

Experience the power of LED for your business needs.

Expand your workspace, without expanding the budget
This affordable, slim monitor delivers productive computing in a whole new way. With the power of HP's top-rated, Mercury-free LED backlit panel screen, experience improved brightness, contrast and clarity. At 1.9 inches thin, you can complement employee workstations without sacrificing the space. The simple, "plug and play" connectivity relieves IT tie-ups with a quick start-up and go solution.

- Quality performance to fit your budget
- Compact and lightweight for small desktop spaces
- 20-inch diagonal screen size for maximum productivity
- "Plug & Play" for quick set up

The power of LED
LED backlighting reduces the number and overall size of components in the monitor. Besides the attractive slim-factor, LED monitors take the necessary steps to "go green." With mercury-free backlighting from LED monitors, you can expect less power consumption and quick on/off switching time in comparison to the CCFL panel monitors.

Quality your business can count on
The ultra-slim, yet sturdy HP LV2011 LCD Monitor was built with the idea of refined design in mind. You can depend on 20-inches of high-quality viewing, paired with a 1600x900 resolution, 3,000,000:1 dynamic contrast ratio and 5ms on/off

response time processor.[1] VGA input provides a simple solution when connecting to HP desktops or notebooks with 1600 x 900 crisp screen resolution

- 5ms on/off response time processor
- VGA input for easy connectivity
- 3,000,000:1 dynamic contrast for deeper imagery

Designed with the environment in mind
Beyond slim features and solid performance enhancements, the HP LV2011 20-inch LED Backlit LCD Monitor makes an impact with environmental design solutions – doing all we can to reduce our footprint overtime.

- Arsenic free display glass[2]
- Mercury free LED backlighting
- ENERGY STAR® qualified
- EPEAT® Silver registered
- China Energy Label (2)
