Key features

Add style to your setup

When it comes to customization, attention to detail can be the difference between dazzling and drab. Ditch the boring standard cables and give your setup a pop of color.

Classic look with a solid connection

The HyperX Coiled Cable uses a USB-C to USB-A connection and features a quick detach 5-pin aviator connector.

Coiled design reduces clutter

Instead of having to tie off your cables or painstakingly route them, a coiled cable can reduce some of your cable clutter with minimal effort.

Designed for durability

This cable features a dual-sheathed design that delivers excellent durability and flexibility.
