

## Slim NanoSaver® 2.0 EQ Keyed Laptop Lock

Trusted security for ultra-thin devices.

K60630WW

### Product Description

Ideal for professionals and organizations seeking physical security solutions that do not hinder port access or stability, the Slim NanoSaver® 2.0 EQ Keyed Laptop Lock enhances security for ultra-thin devices. The Slim NanoSaver® 2.0 EQ contains only 7.5g of plastic versus 36g in prior generation, equaling a 78% reduction in plastic\*, the cable and lock body are crafted from strong stainless steel, and the lock is delivered in Forest Stewardship Council (FSC®) certified packaging. The slim nano lock head allows the laptop to lie flat and stable and ensures full access to valuable ports, and the small 5mm keying system thwarts picking attempts. Every Kensington lock is precision-engineered to guarantee compliance with rigorous industry standards for strength, physical endurance, and mechanical resilience. \*Plastic removed from cable jacket, crimp cover, ferrule cover, and key cover.
