Features & Benefits

- Contoured, comfort grip
- 2.4GHz wireless reliability and performance
- Nano receiver is small enough to plug in and leave connected
- Easily store nano receiver inside mouse
- 1200 DPI provides smooth, precise tracking

Cut the cord! Verbatim Wireless Notebook Optical Mice work great for laptop and desktop users and are small enough to easily fit into bags and totes.

With a receiver that's small enough to plug into your computer and leave, these mice offer 2.4 GHz wireless performance – that means no delays in cursor movements and fewer cords to pack. The receiver can be easily stored inside the battery compartment for safekeeping.

A 1200 DPI optical sensor provides smooth, precise tracking while the sleek design offers a smooth, contoured comfort grip for right or left hand use.

Features & Benefits

- Ultra-compact design
- Retractable USB cable
- Compatible with all USB Type-A ports

Go Mini! The Verbatim Mini Travel Optical Mouse has an ultra-compact design, taking up very little space.

This mouse features a convenient, retractable USB cable – no need to wrap the cord around the mouse or deal with tangles.

Commuter Series Wireless Mini Travel Mice

Features & Benefits

- Ultra-portable design
- 2.4Ghz wireless connection for lag-free performance
- Nano receiver is small enough to plug in and leave connected
- Easily store nano receiver inside mouse
- 1000 DPI for higher precision and accuracy when clicking

Get up and go! The Wireless Mini Travel mouse features an ultra-portable design and 2.4Ghz wireless connection, ideal for on-the-go use.

The 2.4GHz wireless performance allows for lag-free cursor movement. The mouse connects to the computer via an ultra-small nano receiver, tiny enough to plug in and leave connected, and stores conveniently in the mouse when not in use.
