LEXMARK<sup>TM</sup>

# Print Less. Save More.

Print less? This may seem like a surprising message for a company dedicated solely to printing. But when you consider that businesses spend, on average, up to 6% of their revenue on printing and active print management can cut office print costs by up to 30%<sup>1</sup>, it makes a lot of sense. Lexmark products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

<sup>1</sup> Source: InfoTrends/CapVentures, Network Document Solutions Forecast 2007-2012, Network Document Solutions Consulting Service, August 2008

**If you want to make an impact with colour but need the competitive advantage of multifunction efficiency too, then get to know the Lexmark X730 Series. It not only prints, copies, scans and faxes in both black and colour, but also provides outstanding performance and value. You can count on speed and reliability, versatile paper handling, customised solutions and a rich range of features – all easily accessible via Lexmark's award-winning colour touch screen. Experience the giant benefits of a colour copier, without the giant size and price!**

## Unique productivity

A simple touch of the extra-large and intuitive colour touch screen is all it takes to move your workflow into high gear. You get fast, high-quality colour printing, copying, faxing and scanning – all in one multifunction workhorse.

- Boost efficiency with rapid duplex scanning (Lexmark X736de and Lexmark X738de/dte)
- Get your print and copy jobs faster with the instant-warm-up fuser and scanner lamp
- Eliminate paper-intensive processes by scanning to various destinations and formats with ease
- Save time with advanced copy functions, including copy shortcuts, ID card copy, proof-then-copy (hard disk required) and others

## Cutting-edge security

The Lexmark X730 Series is equipped with state-of-the-art security to protect your valuable corporate data. It also features customisable user-access controls, allowing you to enable or disable functions with ease.

- IPSec, SNMPv3 and 802.1x network security
- Secure data encryption and disk wiping
- Industry-leading access restrictions, including LDAP
- Proactively tracks and identifies security risks
- Optional integrated card reader available (see your Lexmark representative to learn more)

## Any document, any time

Whatever you want to print – from presentations and reports to labels, envelopes and even banners – the Lexmark X730 is the perfect partner. With its excellent print quality, powerful productivity and robust paper-feeding design, you'll be fully equipped with the features you need to accelerate your workflow.

- Produce stunning graphics and images with Lexmark's advanced colour-laser toner formula
- Add stackable input drawers or a high-capacity feeder to run longer without interruption
- Specialty Media Drawer option adds versatility and is ideal for large stacks of envelopes
- Run pre-printed forms easily and reliably with improved feed design and edge alignment

## Eco-responsible printing

Lexmark multifunction technology makes it easy to reduce the amount of information you print, copy and distribute in hardcopy format. You'll save time, costs and office space, while powering fewer devices.

- All models include built-in duplex printing to save paper
- Instant-warm-up fuser and scanner lamp cut energy consumption
- Eco-Mode reduces power consumption
- Quiet Mode setting allows ultra-quiet operation
- Lexmark Cartridge Collection Program offers free, convenient recycling

# Lexmark X730 Series

Explore the features that keep you moving

#### Now showing on the big screen

All the critical functions you need are just a touch away

#### Simplified access

Load documents and retrieve them with ease, thanks to the ergonomic and illuminated flatbed scanner, output bin and document feeder

#### Direct USB

Front-side USB port for convenient walk-up printing of PDF brochures, reports and other image files

#### Advanced faxing

Send and receive colour faxes, and save time with handy fax shortcuts

#### Expandable input

Print on multiple paper types and boost your total input capacity up to 3,200 sheets

#### Low intervention

With the high-yield cartridges you can run longer and replace less often

Loads of benefits packed into one device!

#### What can Lexmark colour multifunction do for your business?

If you're still struggling between multiple devices across your office – printers, scanners, copiers and fax machines – then your true productivity potential is still out of reach. But with Lexmark's advanced multifunction technology, there's an easy fix!

Solidly robust and competitively fast, Lexmark's colour-laser MFPs let you unite all your critical document functions into one high-performance solution. And the benefits go far. By operating and managing fewer devices, you'll optimise office space and save money on hardware, consumables, service contracts and even electricity. Plus, you'll have all the office tools you need to make real productivity gains. Combine that with brilliant Lexmark colour that empowers your documents, and there's virtually nothing you can't achieve.

# The Productivity Checklist. If you've got all these, then you've got a Lexmark!

## Multitalented copying

Benefit from a rich range of advanced copy functions to boost your productivity, such as Priority Copy to interrupt long print runs temporarily; ID Card Copy to copy both sides of a card on to a single sheet; and Sample Copy (hard disk required) which lets you stop and take a good look at the first copy before releasing the rest of the job – a great way to save time and reduce paper and toner waste.

## Personalised user settings

A real efficiency booster, Lexmark's innovative MyMFP feature lets users save and retrieve their personal settings on a simple flash drive, including their local address book, personal fax numbers, individual copy settings, and even their own touch-screen configuration. They simply walk up to the MFP, slide in their flash drive and the MFP literally transforms into their own personal device. A warm welcome each time they use it!

## Peace-of-mind service

Like all of Lexmark's business-class printers, the Lexmark X730 Series comes standard with Lexmark's solid guarantee of 1-Year Onsite Service, which provides you with next-business-day response. But you can also extend your guarantee further with a customised offering to match your specific needs. This can cover everything from guarantee extensions (up to five years) and faster response time (as little as four hours) to installation, training and much more. (See Lexmark Statement of Limited Warranty for full details)

## Colour science at work for you

For Lexmark, great colour is more than a marketing promise – it's a serious investment. Our development team is dedicated to delivering breakthrough colour technology that truly enhances the value of your print communications. Lexmark's advanced colour-laser toner formula, combined with new temperature- and humidity-sensing technology, ensures excellent colour reproduction and consistent quality from first page to last, across various media types and work environments.

## Efficient traffic shaping

When you email a large file from your Lexmark X730 Series MFP, it won't cause a traffic jam on your network. That's because traffic-shaping technology can partition your network traffic and designate lower bandwidth for outbound flows. This is especially useful for busy networks and externally hosted Web servers.

## Effortless manageability

Take a load off your IT department. These devices are network-ready and very easy to set up. If you have multiple Lexmark devices installed, the Lexmark Universal Driver offers even easier deployment. Once up and running, on-screen custom messaging makes life simpler too by providing users with crystal-clear information, like 'Toner low, call placed'. What's more, Lexmark MarkVision Professional software provides simplified remote management and automated tools to keep your workflow flowing!

## Lexmark's Embedded Solutions Framework

Experience more productivity than you could ever imagine! Lexmark's new multifunction devices come solutions-ready. That means they can be customised easily to meet your unique printing needs. Contact your Lexmark representative to find out how simple it is to tailor your MFP with one or more of Lexmark's leading industry solutions. With the touch of an icon you can transform your hardcopy documents into digital workflow, helping you print less, save time, lower costs and reduce the environmental impact of printing.

## Get exactly the performance you need

### Lexmark X734de

Colour multifunction with business-class quality and functionality

- Offers print, copy, scan and fax
- Up to 28 ppm print speeds in black and colour
- Fast 600 MHz processor
- Prints large banners
- Ships with 4K-page\* Black and Colour Lexmark Return Program Toner Cartridges
- Lexmark Toner Cartridges available (8K\* Black, 6K\* Colour)
- Recommended monthly volume: 2,500 to 9,200 pages

### Lexmark X736de

More performance, lower cost per page, includes duplex scanning

- Up to 33 ppm print speeds in black and colour
- Powerful 900 MHz processor
- Duplex scanning capability
- Prints extra-large banners
- Ships with 6K-page\* Lexmark Return Program Toner Cartridges
- Lexmark High Yield Toner Cartridges available (12K\* Black, 10K\* Colour)
- Recommended monthly volume: 3,000 to 10,000 pages

### Lexmark X738de

The ideal platform for advanced workflow solutions

- 80GB hard disk standard for expanded functionality
- Pre-configured extra-input model available (Lexmark X738dte)

**Maximum Monthly Duty Cycle**

Maximum Monthly Duty Cycle is defined as the maximum number of pages a device could deliver in a month. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.

**Recommended Monthly Page Volume**

Recommended Monthly Page Volume is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.

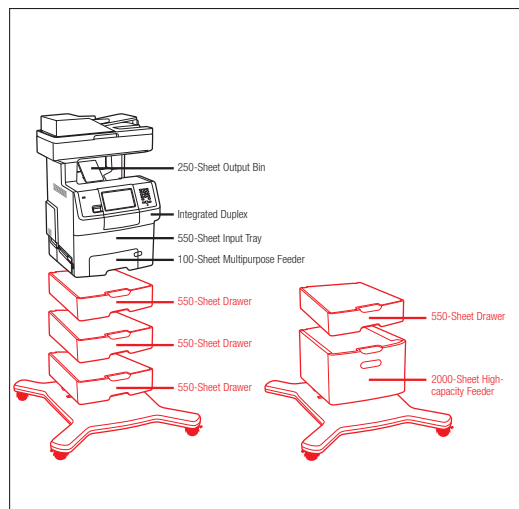

**License Terms/Agreement**

Printers are sold subject to certain license/agreement conditions. See [www.lexmark.be/printerlicense](http://www.lexmark.be/printerlicense) for licensing details

**Trademarks**
