### Packaging Contents

• 2.5" SSD/HDD Mounting Brackets x 5
• Plactic Pegs x 30
• Quick-Start Guide x 1

### Installing a Hard Drive

1. Remove the **Plastic Pegs** (x 6) from the center of the **Mounting Bracket** by gently twisting the **Plastic Peg** until it snaps off of the plastic molding.

2. Slide the **Hard Drive** into the **Hard Drive Slot** on the **Mounting Bracket** towards the **Handle**, label side down, with the **Hard Drive Connector** facing out.

*Inserting a Hard Drive into the Mounting Bracket*

### Installing the Mounting Bracket

1. Turn off the **Computer** and any connected **Peripheral Devices** (e.g., printers, external hard drives, etc.).

2. Unplug the **Power Cable** from the back of the **Computer** and disconnect any **Peripheral Devices**.

3. Remove the **Cover** from the **Computer Case**.

   *Note:* Please refer to the manufacturer's manual for instruction on how to remove the **Computer Case Cover**.

4. Slide the **Mounting Bracket** (label side up) into a **3.5" Hard Drive Slot**, aligning the **Mounting Holes** on the **Mounting Bracket** with the **Mounting Holes** on the **Computer Chassis**.

**To view manuals, FAQs, videos, drivers, downloads, technical drawings, and more, visit www.startech.com/support.**

5. Insert the **Plastic Pegs** (x 4) through the **Mounting Holes** on the **Computer Chassis** and into the **Mounting Holes** on the **Mounting bracket**. You should hear an audible click when installing the **Plastic Pegs**.

*Inserting the Plastic Pegs into the Computer Chassis*

6. Connect a **Power Connection** from the **Computer's Power Supply** to the **Hard Drive's Power Connector**.

7. Use the appropriate cable and connect the **Hard Drive** to the **Host Controller**.

8. Place the **Cover** back on the **Computer Case**.

9. Reconnect the **Power Cable** to the back of the **Computer** and reconnect all of the **Peripheral Devices** previously disconnected.

10. Turn on the **Computer** and any connected **Peripheral Devices**.

**Safety Measures**
- If product has an exposed circuit board, do not touch the product under power.

**Mesures de sécurité**
- Si l'un des circuits imprimés du produit est visible, ne pas touchez le produit lorsqu'il est sous tension.

**安全対策**
- 製品に露出した状態の回路基盤が含まれる場合、電源が入っている状態で製品に触らないでください。

**Misure di sicurezza**
- Se il prodotto ha un circuito stampato visibile, non toccare il prodotto quando è acceso.

**Säkerhetsåtgärder**
- Rör aldrig vid enheter med oskyddade kretskort när strömmen är påslagen.
