

4XEM 7 Port USB-A Data Hub with Power Adapter- TAA

4XEM Part- 4XUSBAHUB7PDTAA

Introducing the 4XEM 7-Port USB-A Data Hub with Power Adapter—your ideal solution for expanding connectivity and charging efficiency. Built to industry standards, this USB 3.2 Gen 1 hub provides rapid data transfer speeds of up to 5 Gbps, ensuring that file transfers and peripheral connections happen without delay. Equipped with four high-speed USB 3.2 Type-A ports for data transfer and three additional ports with Quick Charge (QC) 3.0 technology, this hub guarantees fast and reliable charging for your devices.

Included in the package is a USB-A male to USB-B male cable and a 12V DC power supply, ensuring you have everything you need for a smooth, hassle-free setup. With a one-year warranty, the 4XEM 7-Port USB-A Hub delivers quality and reliability that professionals can count on.

**Certified TAA compliant**

## Features:

- Supports USB 3.2 Gen 1 (5 Gbps)
- USB Type B Host connector - provided
- 4x USB 3.2 Type-A ports (data)
- 3x USB Type-A ports with QC 3.0 (fast charging)
- OS-independent compatibility
- 36W total power budget
- 12V DC power supply provided
- Compact aluminum design with LED power indicator
- On/Off switch for easy control
- TAA compliant for government use
- 1-year warranty

## Applications:

- **Increased Productivity for Professionals:** With four high-speed data ports (5 Gbps) and three Quick Charge 3.0 ports, professionals can transfer files quickly while charging devices like smartphones, tablets, and more—all from a single hub.
- **Perfect for Multi-Device Setups:** Ideal for offices or home workspaces that require multiple USB connections. Easily manage external hard drives, printers, and other peripherals while keeping your essential devices charged.
- **Streamlined Charging for IT Environments:** The hub's Quick Charge 3.0 ports make it easy to charge multiple devices at once, making it perfect for IT departments or tech support teams that need to keep various devices powered up.
- **Government & Compliance Use:** TAA compliance makes this hub a reliable option for government agencies that require certified equipment for secure and compliant operations.
