

Logitech G partnered with top esports athletes to craft a compact mouse for those that prefer a more compact mouse shape due to their hand size or grip style, optimizing control with its perfect balance of shape, weight, and feel. Equipped with the advanced HERO 2 sensor, robust LIGHTSPEED wireless and LIGHTFORCE switches, PRO X SUPERLIGHT 2c continues the SUPERLIGHT family legacy, celebrated for 51g (53g EU) weight and unrivaled performance.

## FEATURES

- **Designed With Pros, Engineered to Win:** Designed alongside the world's best esports athletes, the Logitech G PRO X SUPERLIGHT 2c compact wireless gaming mouse helps you perform at your peak and unlocks your potential
- **The Icon, Now Compact:** This super light and portable mouse features a compact design and programmable side thumb buttons, delivering comfort and precision for users with smaller hands or those who prefer a tailored grip style
- **Precision from Within:** The HERO 2 sensor in this PC gaming mouse delivers unmatched performance, tracking at over 888 IPS, 88 G-force, and up to 44,000 DPI—ensuring the precision champions rely on every play
- **Undisturbed Gaming, Wherever You Play:** Our LIGHTSPEED wireless operates at up to 8 kHz polling for a responsive and reliable tournament-grade experience (1)
- **Play Longer:** Get up to 95 hours of battery life on a single charge on this rechargeable wireless mouse; quickly recharge using the included USB-A to USB-C cable, or experience non-stop play with POWERPLAY (2)
- **Zero-Additive PTFE Mouse Feet:** Command a smooth glide and seamless connection to your game with zero-additive PTFE mouse feet on this lightweight gaming mouse
- (1) Advanced features require Logitech G HUB Software; tested on G640 mousepad
- (2) Battery life may vary based on user and computing conditions when in constant motion
- **Note:** PRO Series statistics based on 2024 data from prosettings.net
