

MD120U4 USB4 Portable Docking Station – 100W Pass Through Charging – HDMI

The powerful, portable USB4 dock.

K32850WW

Product Description

Pioneering innovation with one of the first mobile USB4 docking stations, Kensington proudly presents the MD120U4 USB4 Portable Docking Station. It delivers all the power of USB4, including Dual 4K* support, up to 40Gbps upstream speed, and up to 100W power pass-through — in a solution designed to support numerous devices and operating systems. An ideal choice for hybrid workers who want to travel with less weight and clutter, power pass-through eliminates the need to travel with an additional power brick, and a variety of productivity ports eliminates the need for additional adapters. Includes two HDMI ports, one USB-C port, two USB-A ports, and a 2.5Gbps Ethernet port for productivity anywhere.

Features

- Best For: USB-C or USB4 laptops that support Power Delivery, and monitors that support up to Dual 4K
- Leading the way with USB4 connection technology, this dock supports USB4, Thunderbolt 3, Thunderbolt 4, and USB-C 3.2 devices running Windows 10 or above.
- Two HDMI 2.1 ports deliver up to 8K @ 60Hz for single monitor, and up to 4K @ 120Hz for dual monitors
- so you can extend your visual productivity with the resolution, contrast, and color depth of Ultra HD.
- Dual 4K not applicable to all devices. Single monitor only for MacBook up to 4K @ 60Hz, and up to 2K @ 60Hz for iPads and Samsung DeX enabled devices (resolution may vary based on device).
- Plug your laptop's USB-C power adapter (80W or greater) into the dock for pass-through power to the laptop (USB-C device must support Power Delivery), or power the dock and connected devices using the laptop's battery when traveling. Add the optional 100W Power Adapter (sold separately) for video, data, and power all in one dock.
- Extend productivity with up to 40Gbps upstream speed. Includes one USB-C 3.2 Gen2 port supporting data transfer and power pass-through (5V/0.9A charging via bus power, up to 100W charging via power pass-through), two USB-A 3.2 Gen2 ports, and one 2.5Gbps Ethernet port.
- Ideal for the hybrid worker, the dock fits into your backpack or carrying case for productivity on the go. The matte, soft-touch coating, and soft fabric surface add protection while visually complementing your workspace.
- Cable storage clips neatly stow the 9.8" (25cm) USB4 cable during transport and when not in use.
- Connect with confidence knowing Kensington stands behind the MD125U4 with a 3-year limited warranty.
