

USB Phone Compatible with Microsoft® Teams

Yealink MP45 USB desktop phone brings new meaning to the USB desktop phone with a 4-inch touch screen, telephone keypad and HD audio. You can connect and power the MP45 USB desktop phone via the USB cable with a USB-A/C adapter for easy installation and use without carrying additional cables or installing drivers. Connect the phone to any PC running Microsoft Teams and it will instantly be ready to start placing or receiving phone calls. The MP45 USB desktop phone provides convenient buttons for call control, such as a full dial pad, keys for controlling volume, mute, speakerphone, hold, redial, external headset mode and a dedicated Teams button to wake up Microsoft Teams instantly. The MP45 USB desktop phone is especially useful in hot-desking, classroom, and daily office scenarios with plug & play ease of use.

Key Features and Benefits

Plug and Play

As a USB phone, you can simply connect the MP45 to any PC. It will be automatically recognized and instantly ready to start placing or receiving phone calls, giving you a trouble-free plug-and-play experience. MP45 supports Yealink USB Connect deployment for easy management and upgrade. Compared with Android Phone, there will be less work for admin to do the maintenance.

Superior Voice Quality

Yealink MP45 delivers remarkable high-definition audio quality for the ultimate voice communications experience. With its sleek, high-quality handset and full duplex, hands-free speakerphone, the MP45 enables crystal-clear, natural conversations without echoes or feedback.

Excellent User Experience

The MP45 compatible with Microsoft Teams and Skype for Business and more UC applications, is intuitive and easy to use with an efficient 4.0-inch capacitive touch screen, classic handset and hard dial pad. Since to Yealink Optima HD voice, and the hardware of a full-duplex hands-free speakerphone with AEC and HAC handset, MP45 can deliver a crystal-clear voice communications experience.
