The ultimate case for the most extreme uses. Whether in the leisure or in the professional sector, the Active Pro STARK series is indestructible, waterproof and highly durable. Perfect for the toughest jobs and most exciting adventures.

## Features:

- Indestructible: Perfect for any craftsman or athlete who needs to expose his tablet to extreme conditions
- Waterproof according to IP68 standard (30 minutes waterproof up to a maximum depth of 2 meters)
- Dust-proof: Protection even against the finest particles
- Stable and twist resistant polycarbonate housing
- Also protects against sea water
- Touch screen stays fully functional
- Full functionality of camera, sensors, speakers and microphone thanks to accurately fitting cut-outs with a water and dust proof membrane
- Mechanical buttons on the side of the case guarantee full usability of the tablet buttons like e.g. Volume Up/Volume down
- Carrying strap for easy transport
- Compatible to the Active Pro mount system (sold separately)

With the 4smarts Stark case your tablet becomes immune to all wind and weather conditions. The case doesn't only protect the tab from rain and even enables you to use all functions of your tablet while swimming and diving (up to 2m depth). Thanks to the wide range of perfectly fitting mounts from our Active Pro series, you can fixate the case securely and perfectly protected anywhere. And even if you drop your phone, there's no need to worry about scratches or any other damages. The extremely sturdy polycarbonate frame of the case protects against small drops (<2m).

The extreme protection degree of this indestructible all-rounder enables an extremely wide range of applications. No matter whether the tablet is exposed to strong impacts, heavy dirt or dust: This cover resists anything. This turns this clever Tablet case into the perfect partner for craftsmen or extreme athletes.

The 4smarts Active Pro STARK is the perfect price-performance alternative to brands such as Otterbox, Griffin, Lifeproof, Krussel, ITSKINS, Element Case or Armor-X.
