SPRING 2006

- Simple to Set-Up
- Simple One Touch Control
- Simple for Everyone

Complete Control with One Remote

www.logitech.com/harmony

Home entertainment made simple

- Simple to Set-Up**
Simple setup with Web Wizards. Just connect your Harmony remote to your computer and the Web Wizard walks you step-by-step through a simple set-up. Enter in your equipment model numbers, then answer a few easy questions about how you "Watch TV" or "Watch a DVD". You'll be controlling even the most complex system without any of the hassles of elaborate macro-programming.
- Simple One Touch Control**
One-touch activity control - one button does it all. The Harmony Remote is the world's only remote with Smart State™ Technology activity control. Just press one of the Activity buttons, such as "Watch TV" or "Watch a Movie", and your Harmony Remote automatically sets-up your entertainment system, without you ever having to program a 'macro'.
- Simple for Everyone**
The remote for the whole family. With the Harmony remote, you don't have to know anything about your entertainment system to operate it. No sound? No picture? No problem! There's even a handy "HELP" button to guide you through simple troubleshooting and get you back in control. Everyone from the kids to the babysitter can now enjoy the full home theater experience.

Whole Home Control with RF

Gain complete control from anywhere in your home. The Harmony 890° Advanced Universal Remote now controls all your devices inside your cabinets and even behind walls. Full control with the simple touch of one button helps tame even the most complicated home theater set-up. Power up with a recharging docking station to have the ultimate control at all times.

- Controls virtually all A/V brands and devices: past, present and future
- Controls devices inside cabinets and through walls using RF technology
- Rechargeable lithium-ion battery with sleek recharging docking station
- Full color LCD screen
- RF Wireless Extender included
- Controls 15 devices

DVR and TiVo Controls

Home entertainment made simple

Smart State Technology®
Control your entire home theater with the press of just one button. Simply select an activity and your Harmony remote will analyze the state of your entertainment system and then send the right commands to make each component do exactly what you want. For example, choose "watch a DVD" and the Harmony will turn on the TV, the DVD, the stereo receiver, set all the inputs to DVD, and begin playing your disc.
