

Wall Mount Workstation - Articulating Full Motion Standing Desk w/ Height Adjustable Dual VESA Monitor & Keyboard Tray Arm - Mouse/Scanner Holders - Ergonomic Wall Mounted Desk

Product ID: WALLSTS2

This wall-mounted sit-stand desk for dual monitors is perfect for areas that don't have enough space for a traditional sit-stand desk. Its compact, wall-mounted design combines a dual-monitor arm and a keyboard tray, with easy height adjustments that let you alternate between sitting and standing without disrupting your workflow.

Adjust your working position in one smooth motion. Simply lift the work surface up to 17.2" (436 mm), to elevate your monitor, keyboard and mouse. The monitor mount has a separate height adjustment of up to 4.9" (124 mm) along the column.

This sit-stand monitor arm supports two monitors up to 24" (with weight capacity of 17.6 lb./8 kg). Adjust your monitor for ideal viewing, with -15 to +15 swivel and 0 to 30 tilt, or rotate your monitors up to 360 for portrait or landscape orientation.

The sit-stand desk folds back to the wall, and the keyboard tray folds up to 90, saving space when not in use. You can move the swing arm left or right (from -90 to 90) and lower or raise the arm (from -30 to 65) to make maximum use of your space.

The monitor arm offers plenty of work space, with a large keyboard tray (17.68 x 8.15" / 449 x 207 mm) and a slide-out tray (8.5 x 8.4" / 217 x 213 mm) that holds your mouse, on the left or right.

The WALLSTS2 is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Works well in areas needing quick and easy computer access by many users, where space is limited

- A flexible solution for a wide range of users of various heights
- Ideal for use in medical and retail environments, with features like the scanner holder
