

# 10 ft. (3 m) VGA to HDMI Adapter - USB-Powered - 1080p

Product ID: VGA2HDMM10

This VGA to HDMI adapter lets you connect the VGA output on your Desktop or Laptop directly to an HDMI input on a monitor or projector without any additional cables.

## High Definition Video

With the VGA to HDMI converter with audio support you can adapt your VGA video output to accommodate the increasing number of displays and projectors that only offer HDMI connectors.

Not all VGA converters are created equal. This VGA to HDMI converter cable ensures you're harnessing the highest video quality from your VGA output, with support for resolutions up to 1920x1080 (1080p).

## **Hassle-Free Setup**

For hassle-free setup the VGA to HDMI video and audio cable allows for plug-and-play installation making it a portable solution for travel. Plus, with a built-in USB power cable the device is powered using the USB port on your computer. The VGA to HDMI adapter will work with any computer operating system but when working with a Windows® computer the adapter also supports native USB audio. This functionality allows you to output both audio and video over HDMI.

## **The Choice of IT Pros Since 1985**

StarTech.com conducts thorough compatibility and performance testing on all our products to ensure we are meeting or exceeding industry standards and providing high-quality products to IT Professionals. Our local StarTech.com Technical Advisors have broad product expertise and work directly with our StarTech.com Engineers to provide support for our customers both pre and post-sales.

The VGA2HDMM10 is backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

### Applications

- Connect a legacy VGA-equipped device to a newer HDMI display
