Inspiration without limits

HP Z Workstation solutions

Spend more time creating and less time waiting. HP Z Workstations help you handle more, do more, and give you limitless creative possibilities. Packed with the newest industry-leading processing, graphics, and innovative technologies, HP Z Workstations provide the tools you need to handle the toughest workstreams.
Think HP Z

Designed from the inside out, HP Z Workstations, with a 35 year history, deliver high performance and reliability with the latest innovations and industry-leading technologies. When you need to focus on your work, not your workstation—think HP Z.

Breakthrough industrial design

From the striking design of the HP Z1 to the sleek industrial styling of the desktop models, to the thin, light, business-rugged HP ZBooks, every HP Z Workstation combines stunning aesthetics with everyday practicality.

Tool-free customization

Work isn’t static. Expand your system capabilities with ease as your workflow demands grow over time. HP Z Workstations feature a smart tool-less chassis, easy open access doors, and easy rack accessibility to make installing more memory, storage, and I/O options a breeze. Multiple slots and flexible storage bays allow you to install hard drives, SSDs, optical drives, RAID configurations, and more.

The quiet of HP Z Workstations

Great work requires inspiration and inspiration requires focus. The uncluttered, modular interior layout maximizes airflow to keep processors and graphics cards running at optimum performance. HP Z Workstations also feature industry-leading acoustics technology, such as high-performance air cooling, so your concentration is never interrupted.

All day, all night reliability

Testing beyond industry standards

You put your workstations through the toughest trials—we do, too. Desktop HP Z Workstations, and the components that go into them, are tested to a minimum of 368,000 total test hours in the HP Total Test Process and HP ZBook Mobile Workstations are tested to 14 MIL-STD-810G standards. Extreme stress tests such as drop, vibration, temperature, shock, dust, and more ensure optimized performance.

HP relationships

Your work requires the best in processing and graphics performance, so HP works closely with vendors to ensure it. High-performance, multi-core Intel® Xeon® and Core™ processors are tested and validated by Intel® and HP for your workstation-class applications to provide breakthrough performance in processing.

HP works with NVIDIA® and AMD to offer ISV-certified 2D through extreme 3D workstation graphics, including NVIDIA® Quadro® and AMD FirePro™.

Certification for every industry

HP works closely with Independent Software Vendor (ISV) developers to help ensure the most popular applications are thoroughly tested and certified to work on your HP Z Workstation. Whether you’re working in media and entertainment or product development, finance or design, oil and gas, or geographic information systems, you can rely on these applications—known and trusted throughout your industry—to deliver rock solid reliability.

A long-term investment

Simplify your certification and support burdens and streamline large deployments with HP Stable and Consistent Offerings. Simply select your hardware and software components when you customize your HP Z Workstation and be assured that you’ll be able to buy that same configuration throughout the lifecycle of the workstation, from product launch through retirement.
Your job made easier

HP Z Workstations offer HP’s maximum performance through unique HP technologies. Go beyond the basics to maximize your productivity, make IT management easy, and deliver a complete workstation experience.

**HP Performance Advisor**

*Your trusted advisor*

HP Performance Advisor delivers a simple, effective way to keep your workstation operating at its peak potential.
