

5-Port USB Charging Station with Built-In Device Storage, 12V 4A (48W) USB Charger Output

MODEL NUMBER: **U280-005-ST**

Description

Whether you're at home or in the office, Tripp Lite's U280-005-ST 5-Port USB Charging Station provides enough ports and power to keep your devices at 100% capacity. No more peering behind furniture to find an available outlet or unplugging one device to charge another. You can charge up to five tablets, smartphones and other devices at the same time. The U280-005-ST doesn't require a computer, so you can take it anywhere AC power is available.

The U280-005-ST features five USB-A ports, each capable of delivering up to 5V, 2.4A, which is enough for charging even battery-intensive devices like the Apple® iPad®. In addition, this charging station doubles as a storage unit by providing space to neatly organize devices while they charge. Seven adjustable brackets accommodate the number and size of devices being charged.

To charge your USB devices, simply connect the five-foot power cord's NEMA 1-15P plug to an AC power outlet, and connect your devices to the available USB ports. The unit protects against overheating, overcurrent and overcharging—in fact, it stops charging as soon as your devices' batteries are at full capacity. It also complies with USB Battery Charging (BC) Specification 1.2. The brackets and power supply store conveniently in the charging station when not in use.

Features

Charges Up to 5 Devices at the Same Time

- Recommended for charging tablets, smartphones and other devices at home or work
- Functions anywhere AC power is available—no computer required

Provides Plenty of Juice for Charging

- Delivers up to 5V, 2.4A per port—enough for charging battery-intensive devices like the Apple iPad
- Protects against overheating, overcurrent and overcharging
- Complies with USB Battery Charging (BC) Specification 1.2

Highlights

- 5V, 2.4A per port for charging battery-intensive devices
- 7 adjustable storage brackets for organizing devices
- Storage for brackets and power supply when not in use
- External dual-voltage power supply with NEMA 1-15P plug
- Protects against overheating, overcurrent and overcharging

System Requirements

- For international use, [P058-006](#) (Europe) and [P060-006](#) (U.K.) power cords can be purchased separately

Package Includes

- U280-005-ST 5-Port USB Charging Station
- (7) Storage brackets
- External power supply (Input: 100–240V, 50/60 Hz, 1.5A; Output: 12V, 4A)
- C7 to NEMA 1-15P power cord, 5 ft.
- Quick Start Guide

Efficiently Stores Your Devices Too

- 7 adjustable brackets provide space to neatly organize devices as they charge
- Conveniently stores brackets and power supply when not in use

Easy to Use

- External dual-voltage power supply with NEMA 1-15P plug and detachable 5 ft. cord
- No computer required
