

# HyperX DuoCast - USB Microphone (Black) - RGB Lighting

## USB MICROPHONE WITH STANDOUT STYLE AND SOUND.

Featuring an elegant design, a low-profile shock mount, and a tasteful RGB light ring, the HyperX DuoCast is a full-featured USB microphone that's built for gaming, working, and content creation. It shares the fan-favorite features of its HyperX mic siblings, such as tap-to-mute, and the vibrant LED mic mute indicator, but also brings its own unique, subtle style. A low-profile shock mount complements the sleek, minimalist aesthetic, while also absorbing vibrations, and taking up less space. An included mount adapter allows for compability with most mounts and the versatile DuoCast is also compatible with PC, PS5™, PS4™, and Mac®. Use HyperX NGENUITY Software and customize the RGB light ring to broadcast your own signature style.

## Key features

---

### Customizable RGB light ring

The tasteful RGB light ring gives the DuoCast a touch of vibrant RGB style with 2 customizable zones. Built for gaming, but professional enough to handle business.

### Low-profile shock mount

Form and function: The sleek, minimalist design also contains a shock mount to reduce the pickup of unwanted rumble and vibrations.

### Two polar patterns

As referenced by its name, the DuoCast has two polar patterns: cardioid and omnidirectional. Switch between the two at the touch of a button.

### Output jack, mount adapter, & internal pop filter

Monitor your mic output with the headphone jack. The included mount adapter and internal pop filter help ensure the DuoCast is ready to roll right out of the box for most setups.

### Hi-Res 24-bit/96kHz recording

Capture accurate, low-noise recordings with the DuoCast's high bit depth and sampling rate.

### Tap-to-Mute sensor & gain control adjustment

Convenient tap-to-mute functionality and an easy-to-use gain control adjustment knob let you take control of your broadcast sound.

### Customizable via HyperX NGENUITY Software

Change the color and behavior of the RGB lighting with easy-to-use HyperX NGENUITY Software.

### Multi-device and program compatibility

DuoCast is compatible for play and streaming on PC, PS5™, PS4™, and Mac®, and is Discord and TeamSpeak™ certified.
