

UH1510P EQ USB-C® 5Gbps Triple Video Driverless Mobile Dock – 85W Pass-Through Power – DP/HDMI®

Triple video for Windows in a mobile dock.

K34040WW

Product Description

Professionals want triple monitor support for maximum productivity wherever they are working. Most mobile docking stations are limited to single or dual monitor configurations, which leaves desktop docks as the only connectivity option, but those come with the added inconvenience of being heavy and bulky, especially when accounting for the power brick. Offering more display options to enhance productivity at the desk and reducing the need for dongles and adapters while traveling, the UH1510P EQ USB-C® 5Gbps Triple Video Driverless Mobile Dock supports up to three external displays and allows you to travel with less weight and clutter. Offering a smart and sustainability-focused 11-in-1 design, it uses your laptop's USB-C® power adapter or battery for charging to eliminate an additional power brick and provides plenty of data ports so you can streamline the movement of files without the need for additional adapters or dongles.

Features

- Mobile support for up to Triple 1080p @ 60Hz, Dual 4K @ 60Hz for Windows devices, and Single 4K @ 60Hz for both Windows and MacBook devices.
- Supports Thunderbolt™ 4, USB4®, and USB-C® Alt Mode devices running Windows 10 or later, macOS 11 or later, iPadOS 13 or later, and Samsung DeX®.
- No need to download, install, or update software — an ideal USB-C® plug-and-play solution.
- Uses the laptop's USB-C® power adapter, or the laptop's battery when traveling – eliminating the need for an additional power brick.
- 11-in-1 design with 5 USB ports allows users to work more efficiently and connect a variety of accessories.
- Compact enough to easily fit into a travel backpack or laptop carrying case, making it ideal for the hybrid worker.
- Contains at least 63% post-consumer recycled (PCR) plastic
- – and is delivered in Forest Stewardship Council (FSC®) certified packaging.
- Does not include cable.
- Free DockWorks™ software ensures the best connection, performance, and security from your dock.
- Available for Windows only.
- 2-Year limited warranty.
