

Delock USB Keyboard 2.4 GHz wireless black - Silent

Description

This wireless USB keyboard by Delock with different multimedia keys brings silence into every working environment. Whether e.g. in an open plan office or at home, the Delock keyboard supports, due to its **silent keys**, noiseless and pleasant working on the computer. Also the click feeling of this keyboard does not change, despite its reduced click sound.

Soft keystroke

Due to its flat key caps, the Delock keyboard supports a pleasant and soft keystroke.

Setting of the position

The two foldable stands help to set the keyboard into the right level.
