HP All-in-One – 20-c217la (X6A97AA)

Overview

Redesigned. Reliable. Ready for you.

Whether your family is looking to surf, stream or tackle that next big assignment, this budget friendly All-in-One has been redesigned to give everyone what they need. A splash of color and reliable, trusted performance make this the perfect living room go-to.

Powered for every day

The latest processors[1], plenty of storage and a range of IPS display sizes power your content and give the whole family an awesome view. Now everyone can get connected without slowing down.

A pop of personality

A little bit of color can really bring a whole room to life, so we redesigned our All-in-One with a new, stylish stand design and a colorful ripple pattern.

Quality everyone can count on

With over 100 tests[2], you can depend on your HP All-in-One to help your family through every homework assignment, school project, and all-day movie binges.

Features

Windows 10

Do great things confidently with the familiar feel of Windows—only better.[3]

HD+ display

Enjoy your photos, movies, and games with crisp quality. The 1600 x 900 resolution delivers 1.4 million pixels, 50% more than normal HD, for boosted definition.

Dual-core Intel® Celeron® processor

The perfect combination of performance, power consumption, and value helps your device run smoothly and reliably with two processing cores to handle all your tasks.

Intel® HD Graphics

Impressive graphics help with everything you do. Whether it's watching a video or just surfing the web, Intel® HD Graphics render all the visuals on your screen with smooth, vivid quality.

RAM options

RAM is essential for multitasking and powering demanding programs like video editing software and games. The more RAM you choose, the better performance you'll enjoy.[4]

Face-to-face from anywhere

Enjoy the crisp details and clarity of video chats with the extended family or conference calls for work. With a great webcam it's never been easier to stay in touch and get your work done.

---

[1] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations.

[2] HP Total Test Process testing is not a guarantee of future performance under these test conditions. Damage under the HP Total Test Process test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

[3] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.microsoft.com.

[4] For solid state drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 35 GB of hard drive is reserved for system recovery software.

Specifications

Form factor	All-in-One
Memory card device	3-in-1 memory card reader
Display	49.53 cm (19.5") diagonal HD+ anti-glare WLED-backlit (1600 x 900)
