Print Wirelessly from Any Apple Device
The First Apple AirPrint Certified Thermal POS Printer

Star Micronics TSP654II combines with its high performance, maximum reliability, and hassle-free Apple AirPrint compatibility, the Star Micronics TSP654II AirPrint stands out as an industry-leading POS printer. With the addition of AirPrint, all Apple users can now print without hassle.

- Print receipts, tickets, and coupons on the go
- Control the cash drawer and buzzer via the printer

AirPrint comes pre-installed on all Apple devices and automatically detects the TSP654II printer when the devices are on the same private network. It works right out of the box and does not require installation of any special software or drivers.

The TSP654II offers "drop in & print" paper loading, 300 mm/s high-speed printing, and an auto cutter for speed and convenient use. An optional splash proof cover provides extra protection in restaurant environments.

Star Micronics TSP654II is the ideal AirPrint POS printer.
