

HyperX Alloy Origins 60 - Mechanical Gaming Keyboard - HX Red (US Layout) (4P5N4AA)

Overview

Make room for more plays.

The HyperX Alloy Origins™ 60 is a supremely portable 60% form factor keyboard that gives you more room for sweeping mouse movements. It features a durable, full aluminum body, and reliable HyperX switches balanced for speed and performance which are rated to withstand 80 million keypresses. The stock double shot PBT keycaps have secondary functions printed on them so you can quickly locate additional functionality. Let your style shine bright with the HyperX switches' exposed LED design, and stunning lighting effects. Further customize your keyboard with macros, personalized lighting profiles, and more with HyperX NGENUITY software.[3]

Petite 60% form factor

Free up more room for your mouse with this supremely compact keyboard.

Double shot PBT keycaps with side-printed secondary functions

The keycaps are designed with durable PBT material that is resistant to wear, friction, and solvents. Secondary functions are printed on the sides of the keycaps for quick recognition.[3]

Full aircraft-grade aluminum body

The aluminum casing keeps the keyboard structurally sound and stable when the action gets intense and the game hangs in the balance; battle after battle, night after night.

HyperX Mechanical switches[1]

The key switches are custom-designed to be a balance of responsiveness and accuracy, featuring a short travel time and low actuation force. They're also reliable, rated for 80 million keypresses with no loss of quality.

[1] Available switch colors vary per model and country. Please check your local retailer/etailer for availability.

[3] Accessory keycaps are ABS material.
