

SD4810P USB-C® 5Gbps Triple Video Driverless Dock - Dual Power Option - DP++/HDMI/VGA - Windows

Flexible, productive, and affordable.

K34891NA

Product Description

Ideal for professionals seeking to enhance productivity in mixed technology environments, the SD4810P USB-C® Triple Video Driverless Dock is an affordable and flexible feature rich plug-and-play solution that offers compatibility with various video technologies and supports both USB-C and DC Power Delivery. Providing a true plug-and-play experience with no drivers or downloads required, the SD4810P works with Windows 10 or above, and delivers pass-through power to USB-C, Thunderbolt™ 3, Thunderbolt™ 4, and USB4 devices. Easily accommodating most setups, the 11-in-1 design supports up to three external monitors via DP++, HDMI®, and VGA, and provides five USB ports, a combo audio port, and a Gigabit Ethernet port—for a flexible, productive, and affordable docking solution.

Features

- Best For: USB-C® Windows laptops supporting DisplayPort Alt Mode and Power Delivery, and setups with DP++, HDMI®, and VGA monitors
- Connection Technology: USB-C Alt Mode
- Power Delivery: 85W
- Compatibility: Windows 10 or later
