TravelMate P4 Series

The perfect travel companion
for mobile business users

INTRODUCING THE NEW

TravelMate P4 Series

BUILT FOR GETTING DOWN TO BUSINESS

Power. Connectivity. Reliability. Portability. This is what business users demand from a laptop. The TravelMate P4 Series delivers all of this and more.

11th Generation Intel® Core™ i7 processors, LTE connectivity, up to 15-hour battery life, all contained in a light-weight yet rugged 14" semi-metal design. Let's get down to business.

TravelMate P4 Series Snapshot

2 stylish configurations - TravelMate P4 and Spin P4

11th Generation Intel® Core™ i7 processor

Optional LTE connectivity

Up to 15 hour battery life with fast charge

Military-graded rugged semi-metal design

Spin P4: Garageable Stylus with quick charging – 15 second charge provides another 90 minutes use

Spin P4: 360° hinged touchscreen

CHOOSE YOUR STYLE

The TravelMate P4 Series is available in two stylish designs - the P4 and the Spin P4.

The TravelMate P4 features a 14-inch FHD IPS display and 180° hinge allowing it to lay completely flat. It weighs from just 1.4kg and measures 17.99mm thin.

The TravelMate Spin P4 has all the power and ports of the P4 with 2 key features – the 360° hinge touchscreen and the Acer Stylus Pen. This combination completely changes how you can get your work done.

Both models are designed for mobile professionals who want to maintain a stylish and modern look.

touch screen

360° hinged screen:
work in 4 versatile modes

Acer Active Stylus

1. Specifications may vary depending on model and/or region. 2. Battery life varies depending on product configuration, power settings and usage, among other factors.

ALWAYS ONLINE

Wi-Fi is everywhere, but sometimes the free conference Wi-Fi doesn't cut it. It can be overloaded, insecure or just hard to find the password.

When the café or airport lounge Wi-Fi is slowing you down, don't rely on mobile dongles or phone tethering. Easily switch your connection to the TravelMate P4's optional LTE support (eSIM & DSSA)¹. No fuss, just high-speed internet access wherever you need it – inside or out.

1. Data plan required. Speeds may vary depending on your region.

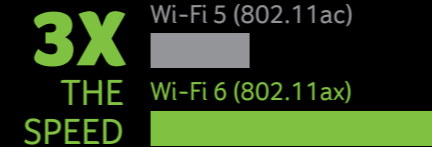

WELL-CONNECTED

On the road, you encounter all types of boardroom televisions, projectors, networks and accessories. The sleek design of the TravelMate P4 Series is packed with protocols and ports to ensure you're ready for any situation.¹

With USB Type-C and Thunderbolt™ 4 ports plus Bluetooth 5.1 – you'll always be able to connect.

And the optional LTE connectivity, Ethernet port, ultra-fast 2x2 Wi-Fi 6 (802.11ax) means you'll never be left offline.

1. Specifications may vary depending on model and/or region.

PEACE OF MIND WHEREVER YOU GO

When you're on the move, keeping your device secure is vital. A laptop left in the back of a taxi could be disastrous for your company.

Security starts at the very core of the TravelMate P4 Series with the hardware-level Trusted Platform Module (TPM) 2.0. This anti-tampering chip checks for signs of intrusion during system boot up.

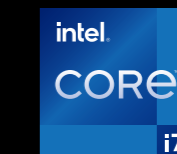

The security extends to secure biometric login via fingerprint recognition with Windows Hello. There's an even a camera-shutter for complete privacy.

PUT YOURSELF IN A POWERFUL POSITION

Stay on the move without sacrificing performance. Be productive on the road with a powerful 11th Gen Intel® Core™ i7 processor¹ and Intel® Iris® Xe graphics.

Storage is lightning fast – 4 lane PCIe SSD and up to 1TB M.2 SSD storage. Paired with up to 32GB DDR4 SODIMM RAM, you'll be truly flying.

¹Specifications may vary depending on model and/or region.

HANDLE THE HARD KNOCKS (AND DROPS)

From never-ending days to finishing a presentation in a cramped plane seat, life on the road can be tough.

All-day battery life, a spill-resistant keyboard and the military-certified² toughness of the semi-metal design means the TravelMate P4 Series can handle anything your day throws at you.

It's a stylish modern design with a tough core that can bear the bumps, drops and knocks of life.

Rapid charge
Charge the battery to 80% in just an hour²

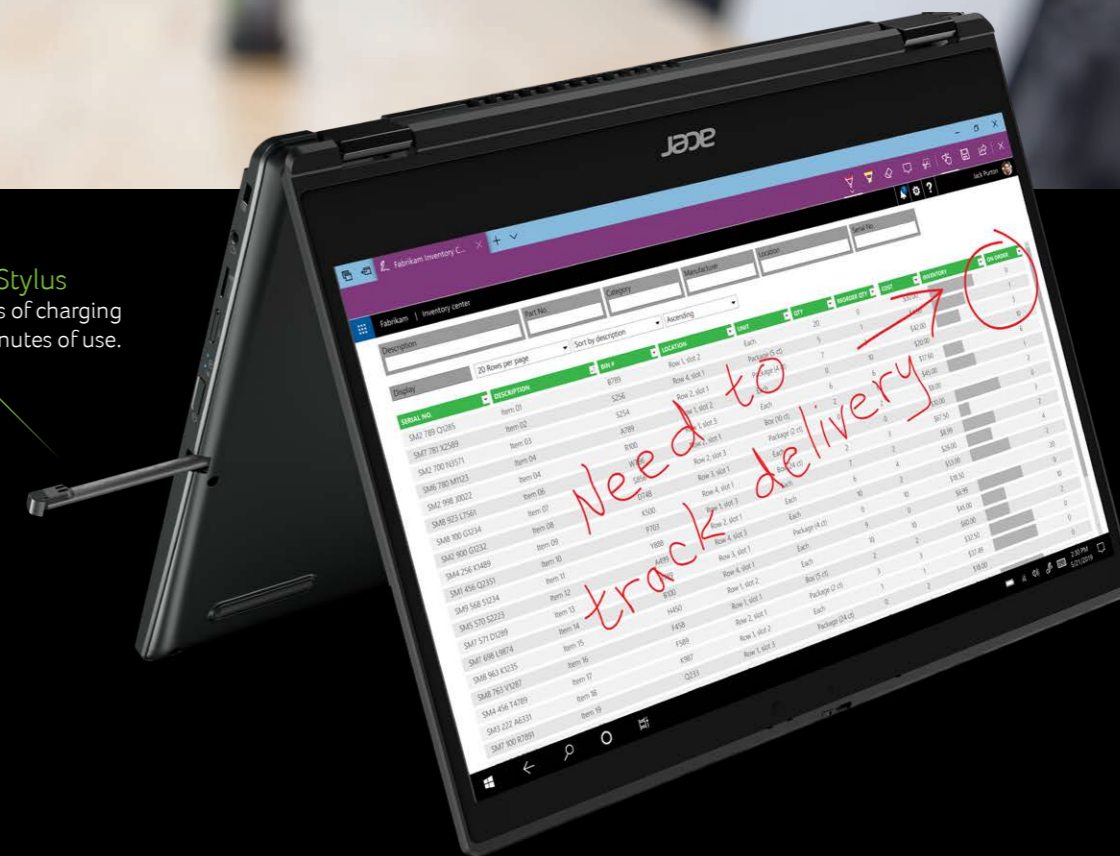

Acer Active Stylus
Just 15 seconds of charging provides 90 minutes of use.

SIGN, SCRIBBLE OR SKETCH

The Acer Active Stylus included with TravelMate Spin P4 gives you a new tool to get your work done.

Flip the screen around and instantly sign a contract. Mark up notes on a colleague's presentation. Or even sketch out a quick diagram. When you're finished, the Stylus smoothly docks back inside.

1. MIL Standards (MIL-STD 810G) are a set of U.S. military grade tests to check the durability of a wide range of products.
2. Battery life varies depending on product model, configuration, power settings and usage, among other factors.
