

ImageScan Pro[®] 490i

Duplex Document Scanner with AmbirScan

AMBIR[™]

www.ambir.com

SKU # DS490-AS
\$299.95

The DS490i is the all-in-one solution!

Versatility comes with every Ambir scanner, and the ImageScan Pro 490i is no exception. Scan documents and ID cards in full-color, grayscale or black & white to fit your specific needs, whether you're capturing insurance cards, legal forms or your bills at home.

Duplex scanning means both sides of the documents and cards are captured at once so your work is done in half the time. All you need is ten seconds to capture the full picture of paper documents, IDs and insurance cards.

Ideal industries:

Healthcare

Government

Legal

Banking & Finance

Hospitality

Retail

ImageScan Pro[®] 490i

Duplex Document Scanner with AmbirScan

Every Ambir scanner comes with comprehensive, U.S.-based phone & online chat support.

Features & Benefits:

Designed to Work. Built to Last.

Versatility comes with every Ambir scanner, and the DS490i is no exception. Scan documents and ID cards in full-color, grayscale or black & white to fit your specific needs, whether you're capturing insurance cards, legal forms or your bills at home

Twice the Scanning Power.

Duplex scanning means both sides of the documents and cards are captured at once. And that means your work is done in half the time. All you need is ten seconds to capture the full picture of paper documents, IDs and insurance cards.

Compact and Capable.

You've got a ton of paper. Not a ton of space. That's why the ImageScan Pro 490i is designed with a compact footprint. It's about the size of a three-hole punch, so it fits on crowded desks. And it's USB-powered, so there's no need for a bulky AC adapter.

Automated Imaging.

When your scanner captures images as fast as you can feed it, you save time. With the AutoContinue function, the DS490i won't prompt you before each scan. You can continuously create digital images, as long as you can keep up.
