

SAMSUNG

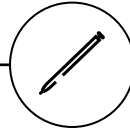

**Seamlessly switch
from laptop to tablet**

The Galaxy Book3 360 is purpose-built for a hybrid working world.

Thin and ultra-light, it features a 360-degree hinge, a touch screen and a long-lasting battery, so you can work your way, wherever you are. As one of our fastest Galaxy books to date, the Galaxy Book3 360 makes multitasking easier than ever. Meanwhile, stunning display and audio features ensure your content always looks and sounds its best, from a Super AMOLED Display to Dolby ATMOS Sound and two 2W stereo speakers.

Experience incredible multi-thread performance for the most demanding workplaces. The Galaxy Book3 360 has been built for optimised performance for multicore-based software. It utilises up to 10 cores and offers up to 9% improved performance (compared to 12th Gen. Galaxy Book2 360).

SAMSUNG

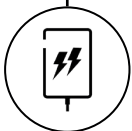

2-in-1 with S Pen

Maximise productivity and convenience with the 360° rotating design, a touchscreen, and lower latency S Pen. The Galaxy Book3 360 gives users the option to use it as either a traditional PC laptop, or like a convenient tablet. Combined with the 2.8x faster S Pen, it's smoother and more responsive for capturing ideas or making notes on the move.

Edit documents and images on the go

Durable yet ultra-light hardware you can rely on. At just 13.7mm thin and 1.49kg in weight, the Galaxy Book3 360 is one of the lightest and most portable laptops in its class.

Long-lasting reliable battery

With a 68Wh battery, you can stay productive for longer. When you do need to charge, its compact yet powerful charger quickly gets you up and running. The charger can also be used on all your other Galaxy devices, so there's less to carry when you're out of the office.

¹The results are for Samsung Notes and PENUP

Technical Specification

Galaxy Book3 360

Display features to make visuals pop

Enjoy clear uninterrupted viewing—even in the brightest environments. With 120% Colour Volume in DCI-P3 and 200x more vivid contrast ratio your ideas are brought to life. And our eye care display ensures 70% less harmful blue light for more comfortable viewing.

Innovative features to give a high-quality experience

Remove visual distractions from the background, and auto framing tracks and frames your face to produce a portrait view for all your vital video calls. Clear and powerful stereo sound by Dolby Atmos ensures superior call quality with Dual array MIC for clear audio and Intelligent Noise Cancelling removes unwanted noise from both sides of a call.

Full port support

A wide range of ports makes it possible to connect a variety of devices and peripherals to help get work done more efficiently. Transfer files quick and easy on the move via Thunderbolt™ 4 for up to 40 Gbps of data transfer—the Galaxy Book 3 360 ports are configured to maximise any office set up, wherever you choose to work.
