Lenovo L22e-40 Monitor

Works hard. Looks good.

Level up your productivity.

The Lenovo's L22e-40 Monitor is designed to help you get more work done while also elevating your entertainment experience. Experience a boost in productivity on the large yet contemporary, 21.45-inch inch screen. Work documents and movies for entertainment will all look crystal-clear on the display's FHD (1920 x 1080) resolution. Get a wider view of those large excel sheets with the 3-side NearEdgeless panel design. Enjoy cinematic movies and videos with your friends without having to cram in close, thanks to the wide-viewing angles of the VA panel, which produces deep, inky blacks for an even richer movie viewing experience. Its 72% NTSC color space coverage makes color-critical tasks a breeze. Support for AMD Freesync[1] and a rapid 75Hz[2] refresh rate ensures that all your games run completely stutter-free and smoothly. Connecting your work or personal computers to the Lenovo L22e-40 is easy using its 1 x HDMI 1.4 and 1 x VGA input ports. Whether it's meetings or movies, enjoy rich clear audio on your preferred speakers or earphones using the monitor's audio out port. Natural Low Blue Light technology eliminates harmful blue light without color distortion, so you don't strain your eyes while working. Your desk setup will look clean and contemporary with the monitor's 6.9 mm slim head design and cloud grey color. The stylish stand comes with a wave base pattern which really accentuates the overall look of your workspace. Keep your setup clean with the in-built cable management and place your phone within easy reach on the built-in phone stand. Access all of the monitor's settings with ease using Lenovo's Artery Software[3]. Do your bit for the environment by choosing a monitor that's made with 85% recycled resin. The Lenovo L22e-40 Monitor is a great companion when it comes to getting work done with ease.

Features of Lenovo L22e-40 Monitor

Kensington Lock HDMI Audio Out
Power VGA

Fashioned to stand out

The Lenovo L22e-40 Monitor boasts a slim head design which when combined with the cloud grey color gives it a very clean and contemporary look. The monitor is paired with a sleek, stylish stand and a wave pattern base design that looks great anywhere you place it. A built-in phone stand allows you to slot in your phone for a comfortable viewing experience and clever cable management helps you keep your table completely tidy and cable-free.

Crafted for convenience

Enjoy playing your favorite e-sports on the Lenovo L22e-40 Monitor with its rapid 75Hz[2] refresh rate. Support for AMD Freesync[1] ensures that the games you love run completely stutter-free. The wide 72% NTSC color gamut coverage ensures that you can get color-critical work done without a hitch. Connect your computer to the monitor with ease using the 1 x HDMI 1.4 and 1 x VGA input ports and enjoy audio that has both bass and thump by connecting your preferred speakers or earphones using the audio out port.

Designed for viewing pleasure

The Lenovo's L22e-40 Monitor is designed to keep you comfortable while you work. Its VA panel has wide-viewing angles which allow more people to view the screen without cramming around you. The 3-side NearEdgeless display design gives you both a larger frame to work on and a contemporary-looking monitor. The display's Natural Low Blue Light technology certified with Eyesafe 2.0 and TÜV Hardware Low Blue Light ensures your eyes are kept protected from harmful blue light, without any color distortion.

[1] AMD FreeSync™ technology only can work with AMD Radeon™ series graphics card. | [2] For HDMI only. | [3] This software can only be used with Windows 10 & Windows 11.
