

MD125U4 USB4 Portable Docking Station (DFS)

A powerful and portable USB4 dock for your Surface.

K32857WW

Product Description

Designed exclusively for Surface, the innovative MD125U4 USB4 Portable Docking Station seizes the power of USB4 technology to maximize productivity, reduce travel bulk, and help you get the most from your Surface—while at your desk or on the go.

With all the power of USB4, including Dual 4K support, up to 40Gbps upstream speed, and up to 100W power pass-through, the MD125U4 maximizes your productivity anywhere.

An ideal choice for hybrid workers who want to travel with less weight and clutter, Power pass-through eliminates the need to travel with an additional power brick, and a variety of productivity ports eliminates the need for additional adapters.

At your desk or on the go, the MD125U4 is the perfect mobile dock for your Surface.

Features

- Kensington worked directly with Microsoft to provide professional-level connectivity that looks as good as it functions. Connect with confidence for a seamless dock and charge experience.
- Leading the way with USB4 connection technology, this dock supports USB4, Thunderbolt 3, Thunderbolt 4, and USB-C 3.2 devices running Windows 10 or above.
- Two HDMI 2.1 ports deliver up to 8K @ 60Hz for a single monitor, and up to 4K @ 120Hz for dual monitors so you can extend your visual productivity with the resolution, contrast, and color depth of Ultra HD.
- Plug your Surface's USB-C power adapter (80W or greater) into the dock for pass-through power to the device, or power the dock and connected devices using the Surface's battery when traveling. Add the optional 100W Power Adapter (sold separately) for video, data, and power all in one dock.
- Extend productivity with up to 40Gbps upstream speeds. Includes one USB-C 3.2 Gen2 port supporting data transfer and power pass-through (5V/0.9A charging via Bus power, up to 100W charging via power pass-through), two USB-A 3.2 Gen2 ports, and one 2.5Gbps Ethernet port.
- Ideal for the hybrid worker, it easily fits into your backpack or carrying case for productivity on the go. The matte, soft-touch coating, and soft fabric surface add protection while visually complementing your workspace.
- Cable storage clips neatly stow the 9.8" (25cm) USB4 cable during transport and when not in use.
- Connect with confidence knowing Kensington stands behind the MD125U4 with a 3-year limited warranty.
