

Charge Cable

USB-C to USB-C

CHARGING AT THE SPEED OF TECHNOLOGY

Crafted from flexible yet sturdy TPE, the Cellairis Charge Cable is built to withstand the twists and rigors of everyday use without breaking a sweat. Its elite internal components are encased in a reinforced structure, promising a companion with an impressive 10,000+ bend lifespan that lasts a lifetime. Not just for ultra-fast charging speeds, the charge cable also offers ultra-fast 480Mbps file transfer data syncing. The Cellairis Charge Cable is not just an accessory; it's your device's ultimate power partner, offering unparalleled durability and speed.
