Logitech G G316 X 75 Gaming Keyboard, Black Linear

Level up your play with G316 X, a 75% wired gaming keyboard that delivers 8 kHz report rate performance and versatile customization that all PC gamers need. With a joyful LED display, hot-swappable switches and customizable PBT keycaps, G316 X makes game-ready technology accessible to all.

FEATURES

- Near-instantaneous responsiveness: Experience elite gaming performance on this compact keyboard with an 8 kHz report rate for quick signal transmission and precise, game-ready response times
- Personalize your play: Hot-swappable switches and double shot PBT cross hatch stem keycaps allow you to easily customize the look and feel of your mechanical gaming keyboard, and helps with shine resistance
- Intuitive on-board controls: Joyful and interactive LED dot-matrix display and dial let you easily control report rate, volume, brightness, and media playback without leaving your game
- Premium sound and feel: Gasket-mounted structure with sound-dampening silicone and foam layers provides a refined, quiet typing experience and satisfying tactile feedback
- Dynamic LIGHTSYNC RGB lighting: interactive light bar reacts to your setup and dial adjustments, customize 25 different light zones and per key lighting for a truly immersive gaming environment
- Space-saving 75% layout: compact gaming keyboard with more room for mouse swipes while maintaining productivity for work or play
- POWERED by G HUB: Enable 8 kHz report rate, personalize LIGHTSYNC RGB lighting, edit your game mode keys, create macros and take full control of your key assignments, all in G HUB.

(1) Advanced features require Logitech G HUB Gaming Software, available for download at official Logitech G website
