

SAMSUNG

Switch things up for
maximum productivity

The Galaxy Book5 Pro 360 is an AI-powered, 2-in-1 device designed for unrivalled agility.

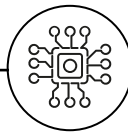

With powerful AI features including Microsoft Copilot, Live Captions¹ and Windows Studio Effects¹, discover a device that helps you get more out of every day.

You'll be ready to take on any challenge by switching from laptop to tablet mode instantly and, thanks to a long-lasting battery, as often as you like. One moment, you'll be using the responsive S Pen to take notes, draw annotations and edit documents. The next, you'll be powering through spreadsheets in laptop mode. No matter how you choose to use your device, you can guarantee you'll stay fully immersed with our 16" Dynamic AMOLED 2X touchscreen.

1. Copilot+PC experiences will not be available on Galaxy Book5 Pro 360 at launch. Expected to be available via future update. Availability is dependent on Microsoft's release schedule. See aka.ms/copilotpluspc.

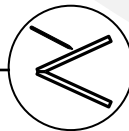

Galaxy Book5 Pro 360

SAMSUNG

Power your productivity

AI is at the heart of the new Galaxy Book5 Pro 360. Access to Copilot, Microsoft's AI powered assistant, at the tap of a button, supercharging your productivity. And with Microsoft 365 Copilot get more done faster in Microsoft 365 apps, documents, and conversation.² Connected a Galaxy smartphone to unleash Galaxy AI features such as Live Translate and Transcript Assist helping you break down language barriers in real time and create meeting transcripts instantly.³

Our best display ever

Immerse yourself in exceptional picture quality, whether in tablet or laptop mode. The Galaxy Book5 Pro 360 sets a new standard for 2-in-1 displays, boasting an anti-reflective, 16" Dynamic AMOLED 2X touchscreen, 3K Super Resolution and 20% improved graphics performance.⁴ Combine this with the next generation of Intel® Core™ Ultra processors and you've got incredibly rich colours and crystal-clear detail in all your work applications. Not only does it look amazing, you can also drag and drop files, copy, paste and navigate intuitively, just like you would on any other tablet. And thanks to the anti-reflective screen, you can do all this even in direct sunlight.

A flexible fortress

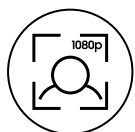

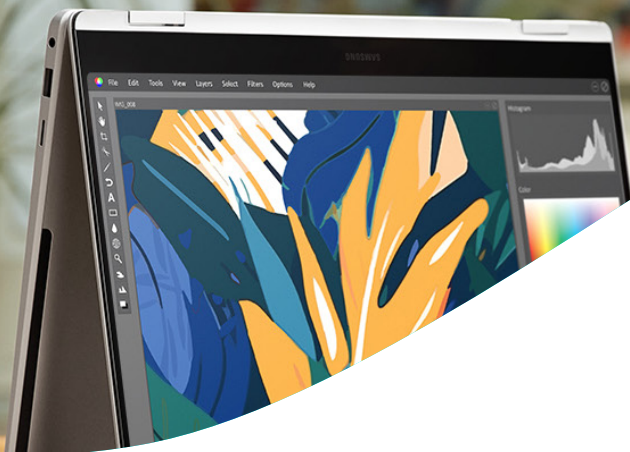

Your ideas, data and contacts are in safe hands. Wherever you go with your Galaxy Book5 Pro 360, you go with peace of mind—because you're protected by multiple layers of reliable security. As Microsoft Secured Core is shielding your operating system and apps, Intel® chip security will be defending the integrity of your hardware. Military-grade Samsung Knox adds an extra layer of reliable security. Say goodbye to malicious threats and hello to a flexible fortress of security.

2. Microsoft 365 Copilot subscription required.

3. Galaxy smartphone must be linked via Phone Link/Link to Windows. Microsoft & Samsung account required.

4. Versus the previous generation.

SAMSUNG

Elevate your presence

Look and feel like a real pro in all your video calls, thanks to Windows Studio Effects powered by the Galaxy Book5 Pro 360's built-in NPU. Studio Effects helps create true-to-life video call experiences and gives you the option to apply extra effects. That means you can blur your surroundings, eliminate background noises, auto-frame your face and apply flashier effects effortlessly. Better yet, you don't need to worry about maintaining eye contact. AI can ensure you always look attentive, even if you're looking away to check notes or answer an urgent message.

Premium portability for the pros

Be the envy of the professional world with a 2-in-1 device designed to be as stunning as it is versatile. Your Galaxy Book5 Pro 360 features a seamless, fluid 360-degree hinge, allowing you to use your device as either a laptop or a tablet. You could start your day in the office, writing up reports or entering data, then take it out into the field to make handwritten notes and sketches using the super-responsive S Pen. And no matter where you take it, you're sure to impress, thanks to sleek lines, a strong aluminium chassis and a luxurious Grey finish.

Take charge, on just one charge

Sketch, write and tick off your to-do list, with a 16% increase in multi-core performance that won't compromise your battery life.⁶

The NPU-enabled AI in your Galaxy Book5 Pro 360 is smart about battery, helping you manage your consumption for peak efficiency. So it'll keep you going for far longer, not to mention keep your device cooler. That means you get to stay on top of all your tasks, targets and timelines—and catch up on your favourite show on the train home.
