HP Color LaserJet 4700 series printer and CM4730 MFP series

4700n • 4700dn • 4700dtn • 4700ph+ CM4730 • CM4730f • CM4730fsk • CM4730fm

Print office documents and marketing material in brilliant color with crisp detail on a range of papers, and watch productivity soar with print, copy, scan, and fax1 functions integrated into one reliable device.

Brilliant color out of the box

- Get more done. Print color and black-and-white documents at speeds up to 31 pages per minute (ppm) with the HP Color LaserJet 4700 series printer and up to 30 ppm with the HP Color LaserJet CM4730 MFP series. Packed with power, this MFP series is a complete office solution with print, fax, copy, and send-to functionality. 1,2
- Realize the advantages of color—For professional results and brilliant color every time, count on HP ColorSphere toner and ImageREt 3600. The reliable, all-in-one design of Original HP Color LaserJet print cartridges provides you with trouble-free printing, page after page, cartridge after cartridge. HP's color access controls help you protect your investment, while still reaping the benefits of color when you need it. Control who has access to color printing capabilities and monitor color printing.

Easy for IT and end users

- Enjoy best-in-class HP Jetdirect embedded networking. Transfer information quickly and reliably for increased efficiency. HP Web Jetadmin offers remote installation, configuration, and proactive management—including color control. The HP Embedded Web Server performs remote diagnostics, sends e-mail alerts, provides job tracking and accounting, and automates supplies ordering.
- Let the device work for you. HP Smart printing technology³ works with the device and HP print cartridges to make automatic adjustments for reliable, consistent results every time you print. Simply and conveniently replace cartridges with HP SureSupply™ shopping and online ordering.4
- Easy to use—Your time is precious, so you want an effortless printing experience. The HP Color LaserJet CM4730 MFP's award-winning HP Easy Select Control Panel redefines usability.5

Expandable functionality

- Take a break from reloading paper. The HP Color LaserJet 4700 series printer offers an amazing input capacity of up to 2,600 sheets, and the HP Color LaserJet CM4730 MFP series handles your busy workgroup with an input capacity of up to 1,600 sheets. Both products feature a 100-sheet multipurpose tray and 500-sheet input trays.
- Effortlessly deliver finished output. With scalable finishing features, you'll save. Add the stapler/stacker with job offset to the HP Color LaserJet 4700 series printer to staple your documents or separate print jobs for easy retrieval. For the HP Color LaserJet CM4730 MFP series, choose the 500-sheet stapler/stacker to staple up to 30 pages or the 700-sheet 3-bin mailbox to assign print, copy, and fax output to different mailboxes or assign users to each tray.
- Boost productivity with a multifunction product. The HP Color LaserJet CM4730 MFP series delivers the same great printer capabilities as the HP Color LaserJet 4700 series printer, plus offers your workgroup easy, highquality two-sided scanning, copying, and fax via the automatic document feeder (ADF).

Preserves your budget

Designed for the way you work—This MFP series delivers the office functions you perform 96% of the time-letterand legal-sized printing. While tabloid printing and copycentric features are nice to have, are they worth the extra expense? Avoid the up to 65% higher purchase prices of comparable digital devices and the up to 36% higher total cost per page.⁶ When you're looking for an MFP that truly fits your usage needs, consider a purchase that makes the most financial sense—relevant functionality at a price that makes sense.7

¹ Standard and available features vary according to model. See "Technical Specifications" on page 5 for more details.

² HP Digital Sending Software 4 is optional (not included, sold separately). Software is server based, server required. Trial is included.

³ Using genuine HP supplies ensures availability of all HP printing features. ⁴ To learn more about HP SureSupply™, visit www.hp.com/go/SureSupply

⁵ Buyer's Lab gave HP a "Pick of the Year" award in December 2006 for "Outstanding Achievement for the User Interface Design of its Multifunction Printers."

⁶ Purchase figure is based on cost comparisons with comparable workgroup-class digital devices available as of June 2006. Total Cost Per Page (TCPP) figure based on short- and long-life consumables, hardware, and service at 6,000 pages/month. color TCPP quoted, mono (black) has a 20% cost advantage

HP Color LaserJet 4700 series printer

- 1 750-sheet stapler/stacker with job offset staples up to 30 sheets for instant reports or presentations
- 2 Automatic two-sided printing at full engine speed
- 3 100-sheet multipurpose tray handles heavy custom media up to 58 lb bond (220 g/m²)
- 4 Five universal 500-sheet input trays support paper up to 32 lb bond (120 g/m²)
- 5 Control panel simultaneously displays up to four lines of text and animated graphics
- 6 Front door allows convenient access to all four HP print cartridges and supplies
- 7 40 GB HP high-performance embedded hard disk
- 8 544 MB total memory quickly and easily handles complex print jobs
- 9 Hi-Speed USB 2.0 port
- 10 Host USB accessory port
- 11 Bidirectional IEEE-1284-C parallel port
- 12 HP Jetdirect Fast Ethernet embedded print server
- 13 Two open EIO slots

HP Color LaserJet 4700ph+ printer shown

Series at a glance

HP Color LaserJet 4700n printer (Q7492A)

- 100-sheet multipurpose tray and 500-sheet input tray 2 for a 600-sheet capacity
- 500-sheet output bin
- 128 MB RAM
- One empty DIMM slot and two empty flash memory slots
- HP Jetdirect Fast Ethernet embedded print server
- Two open EIO slots

HP Color LaserJet 4700dn printer (Q7493A)

HP Color LaserJet 4700n plus:

- Additional 128 MB RAM for 256 MB total memory
- Automatic two-sided printing

HP Color LaserJet 4700dtn printer (Q7494A)

HP Color LaserJet 4700n plus:

- Two additional 500-sheet input trays for a1,600-sheet capacity
- Additional 128 MB RAM for 256 MB total memory
- Automatic two-sided printing
- Printer stand

HP Color LaserJet 4700ph+ printer (Q7495A)

HP Color LaserJet 4700n plus:

- Four additional 500-sheet input trays for a 2,600-sheet capacity
- 750-sheet stapler/stacker with job offset in place of the 500-sheet output bin
- 40 GB HP high-performance embedded hard disk
- Additional 384 MB RAM for 512 MB total memory
- Automatic two-sided printing
- Printer stand

HP Color LaserJet CM4730 MFP series

- HP Easy Select Control Panel provides effortless interaction with the MFP
- 2 50-sheet ADF scanner processes two sided documents at full speed
- 3 100-sheet multipurpose tray handles heavy custom media up to 58 lb bond (220 g/m²)
- 4 Side door allows convenient access to four, all-in-one HP print cartridges
- 5 700-sheet, 3-bin mailbox allows you to sort by user, print, copy, or fax jobs
- 6 Full-speed, automatic two-sided printing
- 7 Three adjustable 500-sheet input trays support paper up to 32 lb bond (120 q/m²)
- 8 Foreign interface harness for third-party paper-handling solutions
- 9 Hi-Speed USB 2.0 ports
- 10 IEEE-1284 C parallel port
- 11 HP Jetdirect Fast Ethernet embedded print server
- 12 RJ-11 fax port
- 13 One open EIO slot to add even more functionality, including Apple networking
- 14 448 MB total memory quickly and easily handles complex print jobs
- 15 40 GB HP high-performance embedded hard disk

Get the best-in-class color laser solution that meets your workgroup's demanding performance and print quality needs.

Vivid color and powerful performance

expectations every time you print, but you don't want to

If you want brilliant print quality that exceeds your

make a lot of adjustments or sacrifice fast printing speed and flexible features, then these devices offer just what you've been looking for. For vibrant color documents and expandable paper-handling capabilities, choose the HP Color LaserJet 4700 series printer, with an input capacity of up to 2,600 sheets as well as finished output with the optional 750-sheet stapler/stacker with job offset.8 The HP Color LaserJet CM4730 MFP series expands on the performance and output quality of the HP Color LaserJet 4700 series printer by offering the ability to copy, scan, fax, and digitally send documents to e-mail or network folder. (You cannot upgrade the printer to include these features.) The MFP also offers a standard input capacity of up to 1,600 sheets and a choice of paperhandling output solutions with the 700-sheet, 3-bin mailbox or the 500-sheet, stapler/stacker.8

In-house color marketing

Print short-run color documents in-house, quickly and affordably. When you print materials in-house, you have control over the process: you ensure that printing is effective, efficient, and affordable, and that any private company information stays safe. Printing frequently updated materials on-demand, such as promotional material or brochures, means that you can make changes at a moments notice and never waste printed material due to obsolete information. You also save the time and cost of inventory management. Companies ranging from small to large report that HP's affordable, best-in-class color solutions deliver money to their bottom line. Some ways, such as improving your image and adding impact to marketing publications, are indirect, while others are direct and measurable, such as productivity gains and tangible cost savings with in-house color printing.

HP ColorSphere toner

With HP ColorSphere toner, your prints will shine with uniform gloss and a dynamic range of color. The toner features gloss levels that are significantly improved over previous HP color toners when printing on glossy paper. Improved melting and fusing technologies work in sync with the toner to enable superior toner release and flow. The result is brilliant, intense colors and excellent photo quality output for your business documents.

HP's color toner enables a finer range of colors because each toner particle conforms to an extremely consistent size and shape. This consistency allows particles to be placed on the page with the precision needed to produce a wide range of colors with the most subtle differences in shading.

HP ColorSphere toner is also designed to enable faster printing time. The toner particles are chemically grown around an optimally sized wax core, producing particle sizes

that are designed to work with HP's fusing technology for

faster printing without sacrificing quality.

Intelligent printing

Designed with office workgroups in mind, the product is simple to install, use, and maintain.

- Integrate documents into workflows with the HP Color LaserJet CM4730 MFP series. Optional HP Digital Sending Software 4 facilitates document workflow and enhances business communications by enabling Optical Character Recognition (OCR), and sending to shared network folders and fax services, including LAN fax, Internet fax, and Windows® fax services.
- HP completely redefines the term usability with the
 HP Color LaserJet CM4730 MFP's radically simple,
 award-winning HP Easy Select Control Panel. Take
 advantage of your MFP's complete feature set with an
 intuitive interface that clearly displays all available
 applications. The HP Color LaserJet 4700 series printer
 control panel offers complete, timely information about the
 printer and print jobs. Designed for quick and easy
 troubleshooting, the control panel displays up to four lines
 of text and animated graphics simultaneously.
- An always-on, internal clock improves product availability
 for both the HP Color LaserJet CM4730 MFP series and
 HP Color LaserJet 4700 series printer. Once configured,
 the product can be configured to automatically wake up
 from sleep mode so that it is ready to work when you are.

HP color management tools

The HP color access control solution makes color printing and copying more affordable than ever by helping you control who uses color and when they use it:

- Control color copying. Color copy lockout allows IT
 administrators to password-protect the
 HP Color LaserJet CM4730 MFP series as a black-and white-only copier, so you can control when and how color
 is used in your workgroup.
- Assign color access to specific users or workgroups. Use
 either your printer's embedded Web server or HP Web
 Jetadmin's fleet configuration capability to designate who
 has access to color printing. That way, people who truly
 need color—such as your sales team and marketing
 department—can use it.
- Assign color access by application. Designate certain
 applications for printing color and others for printing
 black-and-white to ensure that users only print color on
 their most important print jobs and that other printouts—
 such as Web pages—are always black-and-white.
- Shut down color completely or temporarily disable color capability. Disable color printing on shared printers locking out all individuals and workgroups—so you can save your color resources for special projects or seasonal needs. HP Web Jetadmin's Print Driver Pre-configuration Plug-in lets IT Administrators set users' print settings to control color printing by print queue.
- Track color use by job, by user, and by device. HP Web
 Jetadmin's Report Generation Plug-in generates real-time
 and periodic usage reports that make it easy to track color
 use by job, by user, and by device. Plus, it allows you to
 easily allocate costs to individual departments.9

⁸ Standard and available features vary according to model. See "Technical Specifications" on page 5 for more details.

⁹ Billing solutions are an optional feature available at an additional cost through HP's solution partners.

¹⁶ Exact speed varies depending on the system configuration, software application, driver, and document complexity.
17 Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.
18 HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
18 Not all protocol and operating system combinations are supported. For more information, go to: www.hp.com/go/pageyield.
18 All print cartifage page yields are based at five percent pages coverage. Declared yield value in accordance with ISO/IEC for more information, visit www.hp.com/go/pageyield.
18 Values subject to change. See www.hp.com/support/clj4700 or ww
