Lenovo V14 GEN 3 IAP LAPTOP

Version 1 | April 2022

Designed for today's hybrid employees and students on the go, the Lenovo V14 Gen 3 *i* packs a one-two punch with both performance and portability. It delivers bold visuals on an optimized full-HD screen, speeds up tasks, and enhances digital meetings in a compact and lightweight form.

Lenovo V14 Gen 3 *i* is friendly to every small business, student, and consumer budget without skimping on what matters most. It offers the industry's highest performance-to-cost ratio for an entry-level laptop, thanks to the power of the latest 12th Gen Intel® Core™ i7 Processor, speedy graphics, and plenty of memory and storage.

Up to 12th Gen Intel® Core™ i7 Processor

Big Bang for Your Buck: Lenovo V14 Gen 3 *i* is an affordable, cutting-edge, lightweight laptop for hybrid workers. The latest **12th Gen Intel® Core™ i7 Processor**, discrete graphics, up to 16GB memory, and up to 512GB SSD and 1TB HDD storage deliver unparalleled performance and ultra-fast response times – perfect for multitasking. Intel® Connectivity Performance Suite helps improve network capabilities, taking the experience of working online to the next level.

Immersive Visual Experiences: the 14-inch display, four-sided narrow bezel, and 88% screen-to-body (STB) ratio provide an expanded viewing area, which comes in handy on applications like spreadsheets. The **full-HD screen** with In-Plane Switching delivers quality visuals with wider viewing angles.

Abundant Connectivity: the Lenovo V14 Gen 3 *i* comes standard with six I/O ports. **USB Type-C** handles data transfer while HDMI delivers audio and video. Connect multiple accessories with USB 2.0 and USB 3.0 and connect to wired networks with the RJ45 port.

Enhanced Digital Meetings: intelligent noise-canceling and background-blur minimize distractions during meetings. Integrated Microsoft Teams lets you share content straight from the taskbar and instantly mute or unmute participants to improve collaboration.

Business and IT Benefits: Lenovo V14 Gen 3 *i* delivers premium user experiences and practical IT features. **Software-based encryption, malware detection,** and physical device security continually protect your data and privacy. IT departments can remotely manage laptops and have one-click access to Lenovo service and support technicians.

ITDM Benefits

Easy Manageability: Lenovo V14 Gen 3 *i* is an economical choice for businesses and enables easy IT deployment and management. Accomplish tasks quicker with powerful processing that enables smoother multitasking.

Secure Data and Device: protect sensitive data with business-grade security features. Stay private online with the **Camera Privacy Shutter**. Firmware-based TPM 2.0 encrypts sensitive information, preventing breaches and data leaks. **Windows 11** delivers strong built-in security down to the hardware level, isolating and encrypting data, and preventing malware attacks.

Advanced Protection: Intel® Core™ processors are equipped to provide advanced protection. It helps shut down an entire class of attacks that long evaded software-only solutions and protect sensitive OS data such as user log-in credentials from malware attacks. Built-in Below-the-OS Security helps protect from firmware attacks during device startup.

SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your investment, so you can focus on your work, not your IT.

Premier Support

Provides direct access to skilled and experienced Lenovo technicians for comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty Extension (1-year base, up to 3 years)

This fixed-term, fixed-cost service helps you accurately budget for your IT expenses, protect your valuable investment, and lower your total cost of ownership (TCO) over time.

¹Dual-drive supports 1TB HDD + 256GB only
