

SD5780T Thunderbolt™ 4 Dual 4K Docking Station with 96W PD - Win/Mac

The next step in Thunderbolt™ connectivity.

K33040NA

Product Description

For users of the latest MacBooks, Surface devices, and other Thunderbolt™ 4-enabled laptops, the SD5780T is the ideal docking station. A single Thunderbolt 4 cable provides a plug-and-play connection supporting up to two 4K monitors. The same cable keeps your device charged with 96W Power Delivery, and allows you to connect your mouse, keyboard, and other USB devices. All supported by ultra-fast 40Gbps data transfer speeds, so your productivity is never compromised. At home or in the office, if you're looking for the latest Thunderbolt technology to connect multiple monitors and devices, the universally compatible SD5780T Thunderbolt™ 4 Dual 4K Docking Station with 96W PD is for you. Three-year warranty.
