

Veriton | N series

Tiny form factor. Lots of flexibility. Perfect for Education.

The new expandable **Acer Veriton N series** meets classroom performance expectations, with flexibility, security and manageability in a compact form factor.

Occupying very little space, this tiny 1-litre desktop PC is also easy to pick up and move and to set up. The ideal choice for the education sector.

- Compact, expandable and flexible design
- Remarkable Performance
- Secure and manageable
- Eco-Saving Compliance

Acer recommends Windows.

Compact, expandable and flexible design

Featuring a compact 1 litre chassis, the **Veriton N series** is only 33.2 mm high and comes with a modular design that allows to add various alternatives for inputs and outputs or discrete graphics via an optional module. It can be placed in different ways: lay flat on the desk, upright with the module base, or attached behind the monitor.

Remarkable Performance

In Education, PCs have to suit different types of users and applications. **Acer Veriton N series** provides the processing power to run the wide range of classroom applications and comes in two different configurations: the N4 model (N4630G) is equipped with the latest Intel® Core™ processor family while the N2 model (N2120G) takes advantage of the AMD Athlon and Sempron processors.

Acer Classroom Manager

On the **Veriton N series** you can have the Acer Classroom Manager an innovative solution that helps teachers and trainers to improve the efficiency of ICT teaching. It promotes high standards in teaching methodologies and adopts advanced information technology to achieve even better results.

Secure and manageable

Security is a major concern for schools and educational institutions. The **Veriton N series** provides trustworthy and robust security features to ensure complete peace of mind. Acer's ProShield Security secures both the desktop and the data it contains, while TPM-based data encryption protects sensitive information. Acer Office Manager allows educational institutions to deploy security policies, monitor IT assets and schedule maintenance tasks.

Get more done with the new Windows

The new Windows brings together everything you do across all your devices whether in the classroom, at home or on the go. Windows allows you to create a truly one of a kind experience that is made for the way you live and study.

Warranty extension program

Acer Veriton N series desktops come with a Standard Warranty¹ which can be extended up to 5 years of coverage. Users can also choose to have on-site repair with next business day service.

Specifications vary depending on model.

1 - Consumers have legal rights under applicable national legislation governing the sale of consumer goods and this warranty does not exclude, limit or suspend any such applicable rights.

2 - Applies for most European countries.

Some features require Windows 8.1 Pro. Update available through Windows Store. Internet access required; fees may apply. Some apps sold separately, vary by market.
