CORE GAMING MOUSEMAT SM

Stylish, modern and non-distracting Carbon Fiber pattern

Smooth, reactive surface for optimal mouse performance - work or play

Ultra-smooth finished and stitched edging for a flatter and more comfortable surface

Part #: MEAGMP1

SRP: \$ 19.99

Whether you're spending the day working, or spending your evening gaming, chances are good you're using a mouse. And using a mouse, you need a decent surface.

The CORE Gaming MouseMats are designed for precision and comfort, regardless of what you're using your mouse for. The modern yet unobtrusive Carbon Fiber pattern adds a unique, distinctive look, without screaming for your attention. The smooth, reactive surface covers a soft, comfortable pad that lets you work for hours. Less fatigue, more speed, and better control. And when you're on the move, just roll it up and throw it in your bag!

Features

- Pro-style precision gaming/work mouse pad
- Ultra-smooth fabric optimizes mouse performance
- Non-slip backing ensures stable base
- Completely portable – roll it up and take it anywhere
- Perfect size for all gaming/work/school applications
