## Description

---

The equip® 13"-27" Articulating Dual Monitor Desk Mount Bracket is a practical solution for optimizing your workspace and enhancing productivity. Designed to hold two flat-panel monitors ranging from 13 to 27", this mount offers a flexible articulating arm system. This enables effortless adjustments for tilt, swivel, and rotation, allowing you to customize the positioning of your monitors for ergonomic comfort and optimal viewing angles. By freeing up desk space, it promotes a clean and organized environment.

The bracket's sturdy construction ensures stability while its integrated cable management helps keep wires organized and out of sight. It's suitable for various settings such as offices, home workstations, or gaming setups. This dual monitor desk mount bracket maximizes both visual comfort and desk efficiency, making it a valuable addition to modern work and entertainment spaces.

## Additional Information
